We thank all the reviewers for their excellent expertise, which helped to increase the reputation of the *European Journal of Pediatrics* and was instrumental in increasing the impact factor to 2.242 in 2018. Without their dedicated hard and time-consuming work such an improvement would not have been possible. The Editorial Office of Hoofddorp/Haarlem - as well all authors and certainly also the broad readership of the Journal - express their sincere gratitude to all reviewers!
