Editorial

Featuring the Guest Editor

Dr. Shuai Jiang earned his B.S. degree from Hunan University in

2006. He then studied at the Institute of Biochemistry and Cell Biology, Chinese Academy of Science in Shanghai, where he examined the role of microRNA-155 in breast cancer from 2006 to 2012, earning his Ph.D. degree in 2011. In the following years, Dr. Shuai Jiang worked as a postdoctoral fellow at California Institute of Technology, investigating the physiological roles of microRNA Let-7 in immune-metabolism, with a focus on B cells and macrophages.
