

Journal of Veterinary Behavior

Clinical Applications and Research

Vol. 33

September/October 2019

Editor-in-Chief

Karen L. Overall
Philadelphia, PA, USA

Editorial Board

Claude Beata, Toulon, France

Bonnie V. Beaver, College Station, TX, USA

Walter F. Burghardt, Jr., Lackland AFB, TX, USA

Simona Cannas, Milan, Italy

Sharon Crowell-Davis, Athens, GA, USA

Tiny De Keuster, Ghent, Belgium

Claire Diederich, Brussels, Belgium

Jaume Fatjó, Barcelona, Spain

Bjorn Forkman, København, Denmark

Angelo Gazzano, Pisa, Italy

Karina B. Gleerup, Copenhagen, Denmark

Katherine A. Houpt, Ithaca, NY, USA

Soraya Juarbe-Diaz, Tampa, FL, USA

Frode Lingaas, Oslo, Norway

Xavier Manteca, Barcelona, Spain

Chiara Mariti, Pisa, Italy

Sebastian McBride, Aberystwyth, UK

Paul McGreevy, Sydney, NSW, Australia

Christel Moons, Merelbeke, Belgium

Niwako Ogata, West Lafayette, IN, USA

Clara Palestrini, Milan, Italy

Matt Parker, London, UK

Kathelijne Peremans, Merelbeke, Belgium

Emanuela Prato-Previde, Milano, Italy

Leanne Proops, Portsmouth, UK

Hayley Randle, Wagga Wagga, Australia

Alexander Riek, Goettingen, Germany

Barbara Schoening, Hamburg, Germany

Kersti Seksel, Sydney, NSW, Australia

Barbara Sherman, Raleigh, NC, USA

Panagiotis Simitzis, Athens, Greece

Seong Chan Yeon, Seoul, South Korea

Canine Research

- 54** Efficacy of fluoxetine for canine behavioral disorders
Maggie Chutter, Pamela Perry, and Katherine Houpt
- 96** People's perception of brachycephalic breeds and breed-related welfare problems in Germany
Katrin Steinert, Franziska Kuhne, Martin Kramer, and Hansjoachim Hackbarth
- 7** Clinical findings in degenerative lumbosacral stenosis in ten dogs—A pilot study on the analgesic activity of tramadol and gabapentin
Elisabetta Giudice, Chiara Crinò, Giuseppe Barillaro, Rosalia Crupi, Francesco Macrì, Fabio Viganò, and Simona Di Pietro
- 103** Exploring the utility of traditional breed group classification as an explanation of problem-solving behavior of the domestic dog (*Canis familiaris*)
Tracey Clarke, Daniel Mills, and Jonathan Cooper
- 90** Effects of chronic supplementation of homotaurine on cognitive processes and spatial cognition in aged dogs: Preliminary results
Riccardo Benedetti, Andrea Marchegiani, Adolfo Maria Tambella, Alessandro Fruganti, Evelina Serri, Alessandro Malfatti, and Andrea Spaterna
- 31** Epidemiological characterization of bites: A retrospective study of dog bites to humans in Chile during 2009
C.L. Barrios, M. Vidal, A. Parra, C. Valladares, C. González, and C. Pavletic
- 1** Does the cognitive bias test in dogs depend on spatial learning?
Margaret E. Gruen, Melanie L. Foster, Lucia Lazarowski, Amanda Jeffries, Barbara L. Sherman, and David C. Dorman
- 108** Accelerated high-frequency repetitive transcranial magnetic stimulation positively influences the behavior, monoaminergic system, and cerebral perfusion in anxious aggressive dogs: A case study
R. Dockx, C. Baeken, D. De Bundel, J.H. Saunders, A. Van Eeckhaut, and K. Peremans
- 16** A systematic scoping review: What is the risk from child-dog interactions to dog's quality of life?
Sophie S. Hall, Lauren Finka, and Daniel S. Mills

Journal of Veterinary Behavior: Clinical Applications and Research is indexed in Journal Citation Reports, CAB Abstracts, Global Health, PsycINFO, and Scopus.

For articles with e-page numbers that are published online only, please see the Journal's website at www.journalvetbehavior.com.

Table of Contents (Continued)

- Equine Research**
- 63** Dumb or smart asses? Donkey's (*Equus asinus*) cognitive capabilities share the heritability and variation patterns of human's (*Homo sapiens*) cognitive capabilities
Francisco Javier Navas González, Jordi Jordana Vidal, José Manuel León Jurado, Amy Katherine McLean, and Juan Vicente Delgado Bermejo
- 81** Behavior of Martina Franca donkey breed jenny-and-foal dyad in the neonatal period
Andrea Mazzatenta, Maria Cristina Veronesi, Giorgio Vignola, Patrizia Ponzio, Augusto Carluccio, and Ippolito De Amicis
- Bovine Research**
- 59** Intake, milk yield, and lying behavior of dairy cows fed on two hay diets at dry-off: A case study in Brazil
Ediane Zanin, Gosia Zobel, Andressa A. Cestari, and José A. Fregonesi
- 46** Nutrient intake, feeding patterns, and abnormal behavior of growing bulls fed different concentrate levels and a single fiber source (corn stover silage)
Muhammad Aziz ur Rahman, Chuanqi Xia, Linbao Ji, Binghai Cao, and Huawei Su
- Ovine Research**
- 114** Transporters knowledge toward preslaughter logistic chain and occupational risks in Mexico: An integrative view with implications on sheep welfare
Miguel A. Pulido, Laura X. Estévez-Moreno, Morris Villarroel, María A. Mariezcurrena-Berasain, and Genaro C. Miranda-De la Lama
- 75** Oscillatory thermo-regulatory behavior of fecundity-gene-introgressed sheep in the hot semi-arid region
Kalyan De, Vijay Kumar Saxena, Davendra Kumar, Arpita Mohapatra, Krishnappa Balagnur, and Syed Mohammad Khursheed Naqvi
- 27** Effect of bedding for reducing the postshearing stress in sheep
Kalyan De, Davendra Kumar, Arpita Mohapatra, and Vijay Kumar Saxena
- Small Mammal Research**
- 38** Effect of prenatal overfeeding on the growth performance and postweaning behavioral parameters in rabbits
Panagiotis Simitzis, Athanasios Kiriakopoulos, George Symeon, Michael Goliomytis, Antonis Kominakis, Iosif Bizelis, Stella Chadio, Olga Pagonopoulou, and Stelios Deligeorgis
