Articles in this journal are listed in the RNdex Top 100, Index Medicus, MEDLARS, PEDro, and the Cumulative Index to Nursing and Allied Health Literature.

Applied Nursing Research presents original, peer-reviewed research findings clearly and directly for clinical applications in all nursing specialties. Regular features include "Ask the Experts," research briefs, clinical methods, book reviews, news and announcements, and an editorial section. *Applied Nursing Research* covers such areas as pain management, patient education, discharge planning, nursing diagnosis, job stress in nursing, nursing influence on length of hospital stay, and nurse/physician collaboration. The Journal is listed in PubMed/MEDLINE, CINAHL and the Journal Citation Reports published by Thomson Reuters.
