An anonymous reader alerted the editor to the fact that the ‘Merge’ panel in Fig. 1 and the ‘Pre-immune’ panel in Fig. 5 are identical. The publisher contacted the authors, and the authors carefully looked for the reasons by comparing the original images of the experiments. It turned out that the first author used a wrong image to compose Fig. 5

when submitting the manuscript. The correct ‘Pre-immune’ panel is given in the corrected Fig. 5 in this Corrigendum. The authors thank the anonymous reader for pointing out this error and apologize for any inconvenience caused.
