

CARDIOVASCULAR PATHOLOGY

A Journal of Basic, Clinical and Applied Cardiovascular Science
The Official Journal of the Society for Cardiovascular Pathology (SCVP)

Aims and Scope

Cardiovascular Pathology is a bimonthly journal that presents articles on topics covering the spectrum of cardiovascular disease. The Journal's primary objective is to publish papers on disease-oriented morphology and pathogenesis from clinicians and scientists in the cardiovascular field. Subjects covered include cardiovascular biology, prosthetic devices, molecular biology, and experimental models of cardiovascular disease. *Cardiovascular Pathology* also publishes timely and informative reviews on scientific areas in cardiovascular pathology, as well as case reports that represent unique observations.
