This article has been retracted: please see Elsevier Policy on Article Withdrawal (<https://www.elsevier.com/about/our-business/policies/article-withdrawal>).

This article has been retracted at the request of the Editor-in-Chief and the Authors. A reader alerted the Editor-in-Chief to potential errors in this manuscript. This information was forwarded to the authors. The

authors decided that due to some important information of genome studies and comparative analysis in their article being incomplete, they would like to retract the article and submit a new manuscript on the genome sequence of strain Td3 after thorough and complete reanalysis of the data.
