

Erratum to: “Sensitive Periods for the Effect of Childhood Adversity on DNA Methylation: Results From a Prospective, Longitudinal Study,” by Dunn *et al.* (*Biol Psychiatry* 2019; 85:838–849); [10.1016/j.biopsych.2018.12.023](https://doi.org/10.1016/j.biopsych.2018.12.023).

The authors have recognized two errors in Table S1 in Supplement 1. Specifically, the row labels were accidentally

reversed for “White” and “Non-White” under Race, and also for “Yes” and “No” under Sustained Smoking During Pregnancy.

Supplement 1 has now been replaced in the online version of this article.
