

Current Problems in Cardiology®

Increasing Diversity in Clinical Trials

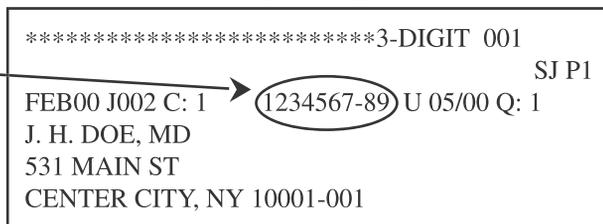

Foreword	144
Increasing Diversity in Clinical Trials: Overcoming Critical Barriers	148
Introduction	149
Methods and Results	150
Study Design and Participants	150
Identification of Critical Barriers to Minority Participation in Clinical Trials (Steps 1-5)	152
Solutions for Critical Barriers to Clinical Trial Participation (Steps 6-8)	153
Testing Processes	154
Interviews and Discussions	154
Stimulus Development and Testing: Tier Assignments	154
A Clinical Trials Roadmap to Success	154
Approaches to Mitigating Potential Errors	160
Discussion	160
Barriers	160
Trust, Mistrust, and Trustworthiness	160
Logistics, Time, and Resource Constraints	161
Clinical Trial Awareness	162
Roles of Key Stakeholders	162
Referring Physicians	162
Investigators	163
Coordinators and Clinical Trial Teams	163
Sponsors	165

Multistakeholder Approach	165
Implications	165
Study Limitations	166
Conclusions	166
Acknowledgments	167
Supplementary materials	167
Appendix: Methods and Results	167
Barriers and Potential Mitigation Strategies Identified by Literature Review and Expert Interviews	167
Solutions for Critical Barriers to Clinical Trial Participation (Steps 6-8)	168
Segment-Specific Stimuli Testing Results	168
References	169

Full-text access to *Current Problems in Cardiology Online* is now available for all print subscribers. To activate your individual online subscription, please visit *Current Problems in Cardiology Online*, point your browser to <http://www.mosby.com/cpcardiol>, follow the prompts to **activate your online access**, and follow the instructions. To activate your account, you will need your subscriber account number, which you can find on your mailing label (*note*: the number of digits in your subscriber account number varies from 6 to 10). See the example below in which the subscriber account number has been circled:
