## Corrigendum

# Corrigendum re “Prospective Randomised Controlled Trial of Transobturator Tapes in Management of Urodynamic Stress Incontinence in Women: 3-Year Outcomes from the Evaluation of Transobturator Tapes Study” [Eur Urol 2012;62:843–51]

Mohamed Abdel-fattah<sup>a,\*</sup>, Alyaa Mostafa<sup>a</sup>, Akinbowale Familusi<sup>a</sup>, Ian Ramsay<sup>b</sup>, James N'Dow<sup>c</sup>

<sup>a</sup> Division of Applied Health Sciences, University of Aberdeen, Aberdeen, Scotland, UK; <sup>b</sup> Department of Obstetrics and Gynaecology, NHS Forth Valley, Stirling, Scotland, UK; <sup>c</sup> Academic Urology Unit, University of Aberdeen, Aberdeen, UK

A review of the funding in relation to this study revealed a further item that was inadvertently omitted from the original disclosure. The funding statement with full disclosure of all funding sources is therefore as follows.

**Funding/Support and role of the sponsor:** This study was funded by the Henry Smith Charity. The University of Aberdeen also received a research grant from Coloplast. Coloplast had no input to any aspect of the study at any time from design to publication.

**Conflicts of interest:** A number of authors of this paper have received travel grants from different pharmaceutical companies to attend medical conferences. Current declaration for Professor Abdel-fattah is available on his university webpage: <https://www.abdn.ac.uk/iahs/research/obsgynae/profiles/m.abdelfattah>.
