

Table of Contents

Smart Communications (SC1–SC10)	Renal cell carcinoma: Oncological outcomes	e3155
Smart Communications (SC11–SC25)	Minimally invasive therapies for BPH	e3162
Smart Communications (SC26–SC35)	Female Urology	e3172
Smart Communications (SC36–SC46)	Active surveillance in prostate cancer	e3178
Smart Communications (SC47–SC60)	Renal cell carcinoma: Surgical outcomes	e3185
Smart Communications (SC61–SC67)	Urethral Surgery	e3194
Smart Communications (SC68–SC79)	Bladder cancer: Diagnosis and prognostic factors	e3198
Smart Communications (SC80)	Nightmares in urologic reconstructive surgery: The minimally invasive treatment	e3206
Smart Communications (SC81–SC88)	Focal therapy for prostate and kidney cancer	e3207
Smart Communications (SC89–SC96)	Pediatric Urology	e3211
Smart Communications (SC97–SC109)	Andrology 2: Sexual medicine	e3215
Smart Communications (SC110–SC118)	Male incontinence and bladder dysfunction	e3222
Smart Communications (SC119–SC133)	Prostate cancer: Novel techniques for staging and restaging	e3227
Smart Communications (SC134–SC146)	Outcomes of radical cystectomy in Muscle - Invasive bladder cancer	e3237
Smart Communications (SC147–SC158)	Treatment of non - Muscle invasive bladder cancer	e3245
Smart Communications (SC159–SC166)	Renal transplantation	e3251
Smart Communications (SC167–SC177)	Locally advanced and metastatic prostate cancer	e3256
Smart Communications (SC178–SC189)	How to predict and manage prostate cancer recurrence after primary treatment	e3264
Smart Communications (SC190–SC201)	Urinary infections	e3272
Smart Communications (SC202–SC213)	Surgical management of muscle - Invasive bladder cancer	e3278
Smart Communications (SC214–SC228)	How to assess and improve radical prostatectomy outcomes	e3285
Smart Communications (SC229–SC230)	Urethral and ureteral surgery: Tips and tricks	e3294
Smart Communications (SC231–SC242)	Biopsy strategies in prostate cancer	e3295
Smart Communications (SC243–SC254)	Retrograde endoscopic surgery for stones: How to achieve good results	e3302
Smart Communications (SC255–SC269)	Renal cell carcinoma: Functional outcomes	e3309
Smart Communications (SC270–SC281)	Surgical Andrology	e3318
Smart Communications (SC282–SC291)	Functional Urology	e3324
Smart Communications (SC292–SC303)	Andrology 1: Male infertility	e3331
Smart Communications (SC304–SC315)	Multiparametric MRI and novel biomarkers in the diagnosis of prostate cancer	e3337
Smart Communications (SC316–SC325)	Upper urinary tract, adrenal, penile and testicular cancer	e3343
Smart Communications (SC326–SC333)	Percutaneous renal surgery for stones	e3349
Smart Communications (SC334–SC342)	Basic and translational research in GU malignancies	e3354
Smart Communications	Historical session	e3360
Author Index		e3365
