

UROLOGIC ONCOLOGY

Seminars and Original Investigations

Table of Contents: Volume 37, Number 2, February 2019

Review

- 97** **Mental health implications in bladder cancer patients: A review**
Hannah Pham, Harrison Torres and Pranav Sharma

Clinical - Bladder

- 108** **Prognostic significance of serum γ -glutamyltransferase in patients with advanced urothelial carcinoma**
Kosuke Takemura, Hiroshi Fukushima, Masaya Ito, Madoka Kataoka, Yasukazu Nakanishi, Kazumasa Sakamoto, Hiroaki Suzuki, Ken-ichi Tobisu and Fumitaka Koga
- 116** **A delay ≥ 8 weeks to neoadjuvant chemotherapy before radical cystectomy increases the risk of upstaging**
François Audenet, John P. Sfakianos, Nikhil Waingankar, Nora H. Ruel, Matthew D. Galsky, Bertram E. Yuh and Greg E. Gin

Clinical - Prostate

- 123** **Role of serum cholinesterase in patients treated with salvage radical prostatectomy**
Mihai Dorin Vartolomei, David D'Andrea, Daher C. Chade, Francesco Soria, Shoji Kimura, Beat Foerster, Mohammad Abufaraj, Romain Mathieu, Marco Moschini, Morgan Rouprêt, Alberto Briganti, Pierre I. Karakiewicz and Shahrokh F. Shariat
- 130** **The impact of statins in combination with androgen deprivation therapy in patients with advanced prostate cancer: A large observational study**
India Anderson-Carter, Natasza Posielski, Jinn-ing Liou, Tariq A. Khemees, Tracy M. Downs, E. Jason Abel, David F. Jarrard and Kyle A. Richards
- 138** **Reducing unnecessary biopsies while detecting clinically significant prostate cancer including cribriform growth with the ERSPC Rotterdam risk calculator and 4Kscore**
Jan F.M. Verbeek, Chris H. Bangma, Charlotte F. Kweldam, Theodorus H. van der Kwast, Intan P. Kümmerlin, Geert J.L.H. van Leenders and Monique J. Roobol
- 145** **Quantifying downstream impact of inappropriate staging imaging in a cohort of veterans with low- and intermediate-risk incident prostate cancer**
Siri Drangsholt, Dawn Walter, Shannon Ciprut, Abbey Lepor, Erica Sedlander, Caitlin Curnyn, Stacy Loeb, Patrick Malloy, Aaron N. Winn and Danil V. Makarov

Laboratory - Bladder

- 150** **MicroRNA-93 promotes bladder cancer proliferation and invasion by targeting PEDF**
Hua Jiang, Qiang Bu, Minghui Zeng, Dongdong Xia and Aibin Wu

(contents continued on next page)

Table of Contents (*continued*)

- 158** **Immunohistochemical expression of Ki-67, Cyclin D1, p16INK4a, and Survivin as a predictive tool for recurrence and progression-free survival in papillary urothelial bladder cancer pTa / pT1 G2 (WHO 1973)**

José Antonio March-Villalba, David Ramos-Soler, Pilar Soriano-Sarrió, David Hervás-Marín, Laura Martínez-García and José María Martínez-Jabaloyas

Laboratory - Kidney

- 166** **Age-related variations in gene expression patterns of renal cell carcinoma**

Lara Feulner, Hamed S. Najafabadi, Simon Tanguay, Janusz Rak and Yasser Riazalhosseini
