This Journal and the individual contributions contained in it are protected under copyright by National University of Health Sciences, and the following terms and conditions apply to their use:

### Photocopying

Single photocopies of single articles may be made for personal use as allowed by national copyright laws. Permission of the Publisher and payment of a fee is required for all other photocopying, including multiple or systematic copying, copying for advertising or promotional purposes, resale, and all forms of document delivery. Special rates are available for educational institutions that wish to make photocopies for non profit educational classroom use.

Permission may be sought directly from Elsevier's Global Rights Department in Oxford, UK: phone: 215-239-3804 or +44 (0) 1865 843830, fax: +44 (0) 1865 853333, e-mail: [healthpermissions@elsevier.com](mailto:healthpermissions@elsevier.com). Requests may also be completed online via the Elsevier homepage (<http://www.elsevier.com/permissions>).

### Derivative Works

Subscribers may reproduce tables of contents or prepare lists of articles including abstracts for internal circulations within their institutions. Permission of the Publisher is required for resale or distribution outside the institutions.

Permission of the Publisher is required for all other derivative works, including compilations and translations.

### Electronic Storage or Usage

Permission of the Publisher is required to store or use electronically any material contained in this journal, including any article or part of an article.

Except as outlined above, no part of this publication may be reproduced, stored in a retrieval system or transmitted in any form or by any means, electronic, mechanical, photocopying, recording or otherwise, without prior written permission of the Publisher.

Address permissions requests to: Elsevier Rights Department, at the fax and e-mail addresses noted above.

### Notice

Practitioners and researchers must always rely on their own experience and knowledge in evaluating and using any information, methods, compounds or experiments described herein. Because of rapid advances in the medical sciences, in particular, independent verification of diagnoses and drug dosages should be made. To the fullest extent of the law, no responsibility is assumed by the publisher for any injury and/or damage to persons or property as a matter of products liability, negligence or otherwise, or from any use or operation of any methods, products, instructions or ideas contained in the material herein.
