

Please visit our companion journal, **JAAD Case Reports**, at [www.jaadcasereports.org](http://www.jaadcasereports.org) to read these exciting articles from the most recent issue.

---

## Disseminated skin nodules in a migrant patient

*Cristian Valenzuela-Oñate, MD, Jorge Magdaleno-Tapia, MD, Macarena Giacaman von der Weth, MD, Amparo Perez-Ferriols, PhD, Jose Luis Sanchez Carazo, PhD, Carmen Ricart-Olmos, PhD, Mario Herrera Cervera, MD, Jeronimo Forteza Vila, PhD, and Victor Alegre de Miquel, PhD*

## Symmetric red-purple papules in the diaper region

*Gillian Weston, MD, and Amy Y.-Y. Chen, MD*

## Violaceous nodules over dorsal interphalangeal joints in a patient with HIV

*Jorge Magdaleno-Tapia, MD, Cristian Valenzuela-Oñate, MD, Pablo Hernández-Bel, PhD, Altea Esteve-Martínez, MD, José Emilio Ballester Belda, PhD, Víctor Alegre-de Miquel, PhD, and Amparo Pérez-Ferriols, PhD*

## Joint pain with violaceous papules and plaques

*Jeen K. Sandhu, BA, Anna Chacon, MD, and Alexandra D. Haden, MD*

## Self-healing eschar-like erythematous nodules

*Minkee Park, MD, Myung Hwa Kim, MD, PhD, Ji-Eun Kwon, MD, PhD, and Yong-Moon Lee, MD*

## Amelanotic acral melanoma mimicking a plantar wart

*Emanuele Cozzani, MD, PhD, Giulia Gasparini, MD, Donatella Intersimone, MD, Rossella Cestari, MD, Margherita Cioni, MD, and Aurora Parodi, MD*

## Dermoscopy and reflectance confocal microscopy for the diagnosis of scleromyxedema

*Pedro Mendes Bastos, MD, Ana Sofia Borges, MD, José Carlos Cardoso, MD, and André Oliveira, MD*

## Blue nodule on the finger

*Manabu Suwa, MD, Akane Minagawa, MD, PhD, Tasuku Sano, MD, and Ryuhei Okuyama, MD, PhD*

## Amnion membrane allografts in a critically ill infant with Netherton syndrome–like phenotype

*Alice Frigerio, MD, PhD, Josh Bleicher, MD, MS, Jan Pierce, MBA, Jo-Anna Reems, PhD, Sheryll L. Vanderhooft, MD, and Giavonni Lewis, MD, FACS*

## JAAD Case Reports (continued)

---

Paraneoplastic cerebellar ataxia in Merkel cell carcinoma of unknown primary  
*Dawn Queen, BA, Yuhan Gu, BA, Adriana Lopez, BA, Diane Chen, MD, and Larisa J. Geskin, MD*

Potential role of serum amyloid A in hidradenitis suppurativa  
*Michela Iannone, MD, Teresa Oranges, MD, Andrea Chiricozzi, MD, Vincenzo De Tata, PhD, Marco Romanelli, MD, PhD, and Valentina Dini, MD, PhD*

Autosensitization dermatitis: A case of rosacea-like id reaction  
*Sarah D. Ferree, BA, Connie Yang, BA, and Arianne Shadi Kourosh, MD, MPH*

Treatment of recalcitrant mycosis fungoides with topical gentian violet  
*Natasha Cowan, BS, Garrett Coman, MD, Keith Duffy, MD, and David A. Wada, MD*

Kikuchi-Fujimoto disease diagnosed by correlating skin and lymph node biopsies  
*Erin E. Williams, MD, Nirav Patel, MD, Huazhang Guo, MD, M. Yadira Hurley, MD, and Mallory S. Abate, MD*

A few pink papules in an adult woman: Incidental finding leads to diagnosis of hereditary leiomyomatosis and renal cell cancer  
*Kelly Z. Young, BA, Tom D. Raisanen, MD, Tobias Else, MD, PhD, Paul W. Harms, MD, PhD, and Kelly B. Cha, MD, PhD*

Regional vitiligo induced by imiquimod treatment for in-transit melanoma metastases  
*Elizabeth Tkachenko, BS, Jennifer Y. Lin, MD, and Rebecca I. Hartman, MD, MPH*

Primary cutaneous cryptococcosis in an elderly pigeon breeder  
*Meghan Beatson, BS, Michael Harwood, MD, Vail Reese, MD, and Leslie Robinson-Bostom, MD*

A rare case of prolidase deficiency with situs inversus totalis, identified by a novel mutation in the *PEPD* gene  
*Esra Kiratli Nalbant, MD, Nermin Karaosmanoglu, MD, Omer Kutlu, MD, Serdar Ceylaner, MD, and Hatice Meral Eksioglu, MD*

More than skin deep: Severe iron deficiency anemia and eosinophilia associated with pediculosis capitis and corporis infestation  
*Carina M. Woodruff, MD, and Aileen Y. Chang, MD*

## JAAD Case Reports (continued)

---

Atypical fibroxanthoma associated with differentiated-type vulvar intraepithelial neoplasia: Case report of an unusual entity

*Antonio De Leo, MD, Costantino Ricci, MD, Patrizia Terzano, MD, Donatella Santini, MD, and Barbara Corti, MD*

Primary anetoderma in a woman after ovarian stimulations for in vitro fertilization program

*Salvatore Bellanca, MD, Maria Letizia Musumeci, MD, PhD, Fabio Catalano, MD, Rossella Cannarella, MD, Carmelo Liuzzo, MD, Anna Paola Capra, MD, and Giuseppe Micali, MD*

Recalcitrant prurigo nodularis treated successfully with dupilumab

*Pooja H. Rambhia, BA, and Jacob O. Levitt, MD*

Psoriasiform eruptions secondary to phosphoinositide 3-kinase inhibition

*Anna K. Dewan, MD, Sameer Gupta, MD, Daniel Q. Bach, MD, Saagar Jadeja, BS, Scott Granter, MD, Ann LaCasce, MD, Robin Joyce, MD, MMSc, Matthew S. Davids, MD, MMSc, Victor Huang, MD, and Nicole R. LeBoeuf, MD, MPH*

A novel suture retention device for intraoperative tissue support

*Allison Stoecker, DO, Stephanie Howerter, DO, Whitney Fancher, MD, and William Lear, MD*

Reintroduction of dabrafenib after previous vemurafenib-induced DRESS: Not always safe!

*Camille Luherne, MD, Anne-Sophie Darrigade, MD, Caroline Dutriaux, MD, Sorilla Prey, MD, and Brigitte Milpied, MD*

Response to “Transformation from pityriasis rubra pilaris to erythema gyratum repenselike eruption without associated malignancy: A report of 2 cases”

*Amy Ridge, MB, BCh, BAO, BA, MRCPI, Olga Tummon, MB, BCh, BAO, MRCPI, and Mary Laing, PhD, MMSc, FRCPI, HDipClinEd*
