

Please visit our companion journal, **JAAD Case Reports**, at [www.jaadcasereports.org](http://www.jaadcasereports.org) to read these exciting articles from the most recent issue.

---

## Well-circumscribed retiform ulcerations

*Nehal Shah, MS, Sayeeda Ahsanuddin, MD, Harib Ezaldeen, MD, and Gregory R. Delost, DO*

## Figurate erythema for 20 years

*Christine P. Lin, BA, Patrick M. Mulvaney, MD, Christine G. Lian, MD, and Fei-Shiuann Clarissa Yang, MD*

## Acne and craniofacial defects

*Lauren Langenderfer, BS, Rachel Giesey, DO, Harib Ezaldeen, MD, and Gregory R. Delost, DO*

## Painful violaceous bullae of the hands

*Natalie Kollman, MD, Stephanie Saridakis, BS, and David Crowe, MD*

## Erythromelanosus follicularis faciei et colli: Dermoscopy and dermatopathology correlates

*Safae Maouni, MD, Ouiam El Anzi, MD, Asmae Sqalli, MD, Kaoutar Znati, MD, Mariam Meziane, MD, and Badredine Hassam, MD*

## Skin-directed radiation therapy for palmoplantar pustulosis

*Brian J. King, MD, Andrea P. Langeveld, MD, Mark D. P. Davis, MD, and James A. Martenson, MD*

## Treatment of estrogen-induced dermatitis with omalizumab

*Jesus A. Ocana, MD, PhD, Maria C. Bell, BMus, Jordan B. Heskett, MD, William H. Baker, MD, Nico Mousdicas, MBBS, and Matthew J. Turner, MD, PhD*

## Ustekinumab-induced amelioration of both palmoplantar psoriasis and psoriatic glossitis

*Annalisa Tonini, MD, Salvatore Zanframundo, MD, Salvatore Panduri, MD, Elio Marchetti, MD, Marco Romanelli, MD, PhD, and Andrea Chiricozzi, MD*

## Orbit mass secondary to migration of dermal hyaluronic acid filler

*Rasha Mosleh, MD, Abed Mukari, MD, Judit Krausz, MD, Morris E. Hartstein, MD, and Shirin Hamed Azzam, MD*

## Pembrolizumab for cutaneous squamous cell carcinoma: Report of a case of inoperable squamous cell carcinoma with complete response to pembrolizumab complicated by granulomatous inflammation

*Mireille L. M. van Baar, MD, Alex D. Guminski, PhD, Peter M. Ferguson, PhD, and Linda K. Martin, FACD*

## JAAD Case Reports (continued)

---

### Topiramate-induced reactive granulomatous dermatitis

*Sara Mater, BS, Jonathan J. Lee, MD, Jaroslaw Jedrych, MD, Misha Rosenbach, MD, and Joseph C. English III, MD*

### Noninvasive imaging to improve diagnostic accuracy: A case report

*Nadeem Marghoob, BA, Corinna E. Psomadakis, MBBS, and Orit Markowitz, MD*

### Multiple synchronous acute Marjolin ulcer: A report of 2 cases and literature review

*Misty Hobbs, BSc, Elliott Campbell, BSc, K. Adam Braun, MD, FAAD, and Lesley Wong, MD, FACS*

### Eruptive squamous cell carcinomas in metastatic melanoma: An unintended consequence of immunotherapy

*Samantha Haraszti, MS, Samantha Polly, MD, Harib H. Ezaldeen, MD, Robert Rothbaum, MD, Gregory R. Delost, DO, and Mara Beveridge, MD*

### Palmoplantar pustulosis—like eruption following tofacitinib therapy for juvenile idiopathic arthritis

*Tomoyuki Shibata, MD, Jun Muto, MD, PhD, Yukina Hirano, MD, Hiroyuki Takama, MD, PhD, Takeshi Yanagishita, MD, PhD, Yuichiro Ohshima, MD, PhD, Shogo Banno, MD, PhD, and Daisuke Watanabe, MD, PhD*

### Granulomatous reaction to autologous gluteal fat transfer

*David Oberlin, MD, Kathryn Lynam, BS, and Margaret Douglass, MD*

### Remission of chronic acne fulminans and severe hidradenitis suppurativa with targeted antibiotherapy

*Sabine Duchatelet, PhD, Olivier Join-Lambert, MD, PhD, Maia Delage, MD, Snaigune Miskinyte, H el ene Guet-Revillet, MD, PhD, Thi Lam, MD, H el ene Coignard-Biehler, MD, Marie-No elle Ungeheuer, MD, PhD, Lucienne Chatenoud, PhD, Olivier Lortholary, MD, PhD, Xavier Nassif, MD, PhD, Alain Hovnanian, MD, PhD, and Aude Sophie Nassif, MD*

### Serum sickness—like reaction associated with mirabegron

*Marcus G. Tan, MD, Bruce F. Burns, MD, FRCPC, and Steven J. Glassman, MD*

### Ulcerative cutaneous plasmacytosis

*Cula N. Dautriche, MD, PhD, Freya Van Driessche, MD, Lu Chen, MD, Nooshin Brinster, MD, and Shoshana Marmon, MD, PhD*

## JAAD Case Reports (continued)

---

Known history of pustular psoriasis with reactivation from in vitro fertilization therapy

*Christina I. Tejada, BS, Vanessa Voss, MD, and Joann N. Salvemini, MD*

A rare case of cutaneous Epstein-Barr virus–negative intravascular cytotoxic T-cell lymphoma

*Rutger C. Melchers, MD, Rein Willemze, MD, PhD, Patty M. Jansen, MD, PhD, Laurien A. Daniëls, MD, PhD, Maarten H. Vermeer, MD, PhD, and Koen D. Quint, MD, PhD*

Guselkumab for the treatment of severe refractory psoriasis in a pediatric patient

*Sa Rang Kim, BSc, Nour Kibbi, MD, and Brittany G. Craiglow, MD*

Lichen planus: Five variants presenting in one patient

*Paola C. Aldana, BS, Fariha H. Ramay, MD, MBA, Stephanie A. Steinweg, MD, and Marcia S. Driscoll, MD, PharmD*

Gram-negative folliculitis caused by *Morganella morganii*

*Fatemeh Livani, MD, and Soodeh Kabir, MD*

Capillary malformations in a child with Kabuki syndrome: A case report

*Nikki C. Geers, MD, H. Bing Thio, MD, PhD, and Wim J. A. de Kort, MD*

Severe aphthous stomatitis secondary to vitamin B12 deficiency with isotretinoin therapy

*Emmanuelle Vigarios, DDS, Thibault Comont, MD, Marie Piroth, MD, Pierre Cougoul, MD, and Vincent Sibaud, MD*

Pyogenic granuloma-like orf in a transplant patient treated successfully with excision and imiquimod

*Jessica Harms, MD, Brian L. Swick, MD, and Karolyn A. Wanat, MD*

Prurigo pigmentosa following ketogenic diet and bariatric surgery: A growing association

*Mohammed A. Alshaya, MBBS, Mohammed G. Turkmani, MD, FAAD, and Ahmed M. Alissa, MD, FRCPC*

Selection criteria and techniques for improved cosmesis and predictable outcomes in laser hair removal treatment of acne keloidalis nuchae

*Sanusi Umar, MD*
