

Please visit our companion journal, **JAAD Case Reports**, at www.jaadcasereports.org to read these exciting articles from the most recent issue.

Verrucous plaque on the face

Martha P. Arroyo, MD, PhD, and Michael P. Viglione, MD, PhD

Ulcerated indurated plaques on the upper extremities

Caitlin Riley Eason, BA, Caroline Stovall, MD, and Sarah Beth Corley, MD, MS

Whitish elbow nodules in a healthy 11-year-old girl

Alfredo Bou-Prieto, MD, Carla N. Cruz-Diaz, MD, and Rafael F. Martín-García, MD

Clear vesicular eruption in the intensive care unit

Margaret Wat, MD, PhD, Susan Nedorost, MD, and Kord Honda, MD

Umbilicated papules in an immunocompetent patient

Lauren Langenderfer, BS, Rachel Giesey, DO, Robert Rothbaum, MD, and Gregory R. Delost, DO

Nail changes, lymphedema, and respiratory symptoms

Mike Wang, BS, and Oscar R. Colegio, MD, PhD

Hailey-Hailey disease treated successfully with naltrexone and magnesium

Ali Alajmi, MD, Abdulhadi Jfri, MD, and Audrey Lovett, MD, FRCPC

Concurrent radiation therapy with programmed cell death protein 1 inhibition leads to a complete response in advanced cutaneous squamous cell carcinoma

Poorva Vaidya, MD, Arjun Mehta, MD, Omar Ragab, MD, Sonia Lin, MD, and Gino K. In, MD, MPH

Angiodestructive lymphomatoid papulosis lasting more than 45 years

Gun Ho Lee, BA, Gordon H. Bae, MD, Kerri E. Rieger, MD, PhD, Youn H. Kim, MD, and Albert S. Chiou, MD

Acral speckled hypomelanosis

Jumana Aldhalaan, MBBS, Yasser A. Ghobara, MBBS, Ahmed Alisaa, MBBS, FRCPC, and Mohammed I. Aljasser, MBBS, FRCPC

Pretibial dystrophic epidermolysis bullosa associated with aberrant exon splicing of type VII collagen

Patricia Richey, MD, Melia Holt, MD, Sydney Crotts, BA, and Ali Jabbari, MD, PhD

JAAD Case Reports (continued)

Transient chemotherapy-induced alopecia after intralesional 5-fluorouracil treatment of keloids

Jennifer N. Rorex, BS, Hillary Johnson-Jahangir, MD, PhD, MHCDS, and Nkanyezi Ferguson, MD

Delayed treatment of endocrine mucin-producing sweat gland carcinoma initially diagnosed as a chalazion

Orr A. Meltzer, BS, and Jeffrey M. Joseph, MD

Papulonecrotic tuberculid and Poncet disease: A case of multisystem delayed-type hypersensitivity in a patient with *Mycobacterium tuberculosis* infection

Melodi Javid Whitley, MD, PhD, Jason E. Stout, MD, MHS, Atul Kapila, MD, M. Angelica Selim, MD, Parisa Mansoori, MD, and Anne L. Marano, MD

Extensive purpura as presenting sign of parvovirus B19 infection in a patient with paroxysmal nocturnal hemoglobinuria

Mimi Nguyen, BS, Samantha Ellis, MD, Thomas H. Konia, MD, Alain Brassard, MD FRCPC, and Danielle Tartar, MD, PhD

A comedonal variant of chronic cutaneous lupus erythematosus: Case report and literature review

Caren Droesch, MD, and Cynthia Magro, MD

Behavioral therapy ceased cold water immersion dependence in a patient with familial erythromelalgia caused by SCN9A mutation

Makoto Ito, MD, Sayaka Yamaguchi, MD, PhD, Takuya Omine, MD, Takuya Miyagi, MD, Osao Arakaki, MD, Yu-ichi Yamamoto, MD, PhD, and Kenzo Takahashi, MD, PhD

A woman with firm plaques on the buttocks and thighs

Felicia E. Ekpo, DO, Michael J. Visconti, BSc, and David Fivenson, MD, FAAD

Topical timolol for vasculitis ulcer: A potential healing approach

Abdulaziz M. S. Alsaad, MSc, PhD, Salman M. Alsaad, MD, Amany Fathaddin, MD, and Sultan Al-Khenaizan, MD

Eosinophilic dermatosis of hematologic malignancy responding to dupilumab in a patient with chronic lymphocytic leukemia

Annie Jin, BA, Bobak T. Pousti, BS, Kevin T. Savage, BA, Nicholas K. Mollanazar, MD, MBA, Jason B. Lee, MD, and Sylvia Hsu, MD

JAAD Case Reports (continued)

Sebaceous adenoma in the setting of immunosuppression for kidney transplantation

Jacob Reinhart, MD, and William D. James, MD

Bullous pemphigoid associated with nintedanib

Amelia M. Hasson, MD, Gregory Cheeney, MD, Lawrence A. Ho, MD, and Jay C. Vary, Jr, MD, PhD

Verrucous lesions in an HIV-positive man

Freidrich Anselmo, BS, Umer Ansari, MD, J. Michael Gagnier, MD, Stephen K. Tyring, MD, PhD, MBA, Peter Rady, MD, PhD, and Marcia S. Driscoll, MD, PharmD

A unique case of dermatomyositis associated with anti-TIF1 γ antibody and chondrosarcoma

Jennifer Dziwis, MPH, Ritesh Agnihotri, MD, Alicia Lieberman, MD, MS, and Christopher T. Richardson, MD, PhD

Scurvy presenting as pseudo-scleroderma of the leg

Dario Ahangari, MD, Manon Gillard, MD, Gabriela Certad, Mathieu Bataille, MD, Audrey Lasek, MD, and Phillippe Modiano, MD, PhD

Bromangiomas-ipratropium bromide–associated angiomas

Curt Samlaska, MD, FACP, FAAD, and Andrew Rackham, PA-C

Talimogene laherparepvec induces durable response of regionally advanced Merkel cell carcinoma in 4 consecutive patients

Brian C. Westbrook, BS, T. Graham Norwood, BS, Nina L. J. Terry, MD, JD, Svetlana B. McKee, RN BSN, and Robert M. Conry, MD

Hidradenitis suppurativa and Mediterranean fever genemutations

Ufuk İlgen, MD, Müçteba Enes Yayla, MD, Sahin Eyüpoğlu, MD, and İrfan Karahan, MD

Reply to: “Hidradenitis suppurativa and Mediterranean fever gene mutations”

Michela Iannone, MD, Valentina Dini, MD, PhD, and Teresa Oranges, MD
