American Journal of Infection Control

MESSAGE FROM APIC

Specialized Education for You 117

MAJOR ARTICLES

Perceived impact of state-mandated reporting on infection prevention and control departments 118

M Pogorzelska-Maziarz, PB de Cordova, CTA Herzig, A Dick, J Reagan, and PW Stone

Infection preventionists' challenges in psychiatric clinical settings 123

P-H Li, S-Y Wang, J-Y Tan, L-H Lee, and C-I Yang

Microbial transmission in an outpatient clinic and impact of an intervention with an ethanol-based disinfectant 128

KA Reynolds, JD Sexton, T Pivo, K Humphrey, RA Leslie, and CP Gerba

Factors influencing seasonal influenza vaccination uptake among health care workers in an adult tertiary care hospital in Singapore: A cross-sectional survey 133

WM Kyaw, A Chow, AA Hein, LT Lee, YS Leo, and HJ Ho

Engaging patients in health care epidemiology research: A case example 139

N Brys, JA Keating, MJ Knobloch, and N Safdar

Scenario-based simulation health care education for performance of hand hygiene 144

I Nakamura, H Fujita, A Tsukimori, T Kobayashi, A Sato, S Fukushima, K Amano, and Y Abe

Hands washing, glove use, and avoiding recontamination before aseptic procedures at birth: A multicenter time-and-motion study conducted in Zanzibar 149

G Gon, M de Bruin, M de Barra, SM Ali, OM Campbell, WJ Graham, M Juma, S Nash, C Kilpatrick, L Penn-Kekana, S Virgo, and S Woodd

Surgical site infection surveillance for elective primary total hip and knee arthroplasty in Winnipeg, Manitoba, Canada 157

M Dyck, JM Embil, E Trepman, and E Bohm

Risk factors for surgical site infection after cesarean delivery: A case-control study 164

KBM Saeed, P Corcoran, M O'Riordan, and RA Greene

Laxative use and testing for *Clostridium difficile* in hospitalized adults: An opportunity to improve diagnostic stewardship 170

KA Carter and AN Malani

INSERT ADVERT

Effect of varying federal definitions on prevalence and characteristics associated with carbapenem-resistant Enterobacteriaceae in veterans with spinal cord injury	175
MA Fitzpatrick, KJ Suda, MM Jones, SP Burns, L Poggensee, S Ramanathan, M Evans, and CT Evans	
Cohorting to prevent acquisition of multidrug-resistant bacteria: An interrupted time series study	180
MC Arruda, RS de Aguiar, WM Jardim, LH Melo, T Mendonça, AB Cavalcanti, and PHC de França	
Retrospective investigation of 9 years of data on needlestick and sharps injuries: Effect of a hospital infection control committee	186
G Çiçek-Şentürk, A Tekin, Y Gürbüz, EE Tütüncü, G Sevinç, S Kuzi, FA Altay, N Altın, and İ Şencan	
Peripherally inserted central catheter-associated bloodstream infection: Risk factors and the role of antibiotic-impregnated catheters for prevention	191
E Kagan, CD Salgado, AL Banks, CE Marculescu, and JR Cantey	
Risk of subsequent health care-associated infection among patients with a bloodstream infection present on hospital admission	196
S Aliyu, Y Furuya, and E Larson	
PRACTICE FORUM	
The master of public health graduate as infection preventionist: Navigating the changing landscape of infection prevention	201
A Vassallo and KM Boston	
BRIEF REPORTS	
Comparison of the epidemiology and microbiology of peripheral line- and central line-associated bloodstream infections	208
M Tsuboi, K Hayakawa, K Mezaki, Y Katanami, K Yamamoto, S Kutsuna, N Takeshita, and N Ohmagari	
Using public health surveillance data to measure <i>Clostridium difficile</i> infection population burden in Massachusetts	211
TS Troppy, T Mishra, K Barton, E Caten, Q Vo, E McHale, G Haney, A DeMaria Jr, and RM Klevens	
Incidence and predictors of health care-associated infections among patients colonized with carbapenem-resistant Enterobacteriaceae	213
AAF Correa and CMCB Fortaleza	
High-risk medication use for <i>Clostridium difficile</i> infection among hospitalized patients with cancer	217
AL Pakyz, R Kohinke, P Opper, SF Hohmann, RM Jones, and P Nadpara	
Disinfection of noncritical equipment on units with high hospital-onset <i>Clostridium difficile</i> infections	220
E Bowe, T Srivastava, N Masroor, K Cooper, M Fleming, S Knowlson, M Doll, MP Stevens, and G Bearman	
LETTERS TO THE EDITOR	
An anesthesia perspective on surgical antibiotic prophylaxis: Results of a comprehensive infectiology survey study in German hospitals	222
H Mutlak, O Maurer, K Zacharowski, J Schön, M Jacob, and M May
