MESSAGE FROM APIC

Three Days of Real-World IPC Solutions and Innovation 229

MAJOR ARTICLES

Knowledge, attitudes, and practices of bedside nursing staff regarding antibiotic stewardship: A cross-sectional study 230

S Abbas, K Lee, A Pakyz, D Markley, K Cooper, G Vanhoozer, M Doll, G Bearman, and MP Stevens

Observation of stethoscope sanitation practices in an emergency department setting 234

RS Vasudevan, S Mojaver, K-W Chang, AS Maisel, W Frank Peacock, and P Chowdhury

Contemporary stethoscope cleaning practices: What we haven't learned in 150 years 238

D Boulée, S Kalra, A Haddock, T David Johnson, and W Frank Peacock

Elevating the standard of endoscope processing: Terminal sterilization of duodenoscopes using a hydrogen peroxide–ozone sterilizer 243

V Molloy-Simard, J-L Lemyre, K Martel, and BJ Catalone

The Safe Hands Study: Implementing aseptic techniques in the operating room: Facilitating mechanisms for contextual negotiation and collective action 251

E Wikström, L Dellenborg, L Wallin, BM Gillespie, and A Erichsen Andersson

Knowledge, perception, performance, and attitude regarding hand hygiene and related factors among infection control nurses in South Korea: A cross-sectional study 258

HS Oh

Reengineering the patient's environment: Establishment of a "Red Box" to improve communications with patients on isolation precautions 264

P Malhotra, A Khameraj, T Salim, D Armellino, S Wirostek, ME Epstein, and BF Farber

Single-institution experience of medical students' bacterial colonization during training 268

G Saliba, N El Kary, Z Bakouny, L Dagher, M Mallah Hamdan, and W Abdallah

***Serratia marcescens* outbreak in a neonatology unit of a Spanish tertiary hospital: Risk factors and control measures** 271

L Redondo-Bravo, E Gutiérrez-González, I San Juan-Sanz, I Fernández-Jiménez, G Ruiz-Carrascoso, S Gallego-Lombardo, L Sánchez-García, D Elorza-Fernández, A Pellicer-Martínez, F Omeñaca, and A Robustillo-Rodela

Development of a risk prediction model for hospital-onset *Clostridium difficile* infection in patients receiving systemic antibiotics 280

CS Tilton and SW Johnson

Why do clinicians order inappropriate <i>Clostridium difficile</i> testing? An exploratory study	285
A Kara, M Tahir, W Snyderman, A Brinkman, W Fadel, and L Dbeibo	
Middle East respiratory syndrome coronavirus intermittent positive cases: Implications for infection control	290
SH Alfaraj, JA Al-Tawfiq, and ZA Memish	
Needlestick injuries and other body substance exposures among police officers in a city police department	294
MA de Perio, KR Victory, and MR Groenewold	
A novel personal protective equipment coverall was rated higher than standard Ebola virus personal protective equipment in terms of comfort, mobility and perception of safety when tested by health care workers in Liberia and in a United States biocontainment unit	298
BT Garibaldi, C Ruparelia, K Shaw-Saliba, LM Sauer, LL Maragakis, M Glancey, M Subah, AR Nelson, C Wilkason, L Scavo, L Litwin, P Osei, and Y Yazdi	
Minimizing central line-associated bloodstream infections in a high-acuity liver transplant intensive care unit	305
TA Russell, E Fritschel, J Do, M Donovan, M Keckeisen, VG Agopian, DG Farmer, T Wang, Z Rubin, RW Busuttill, and FM Kaldas	
STATE OF THE SCIENCE REVIEW	
Validity of hand hygiene compliance measurement by observation: A systematic review	313
A Jeanes, PG Coen, DJ Gould, and NS Drey	
The global and regional prevalence, burden, and risk factors for methicillin-resistant <i>Staphylococcus aureus</i> colonization in HIV-infected people: A systematic review and meta-analysis	323
P Sabbagh, SM Riahi, H Ray Gamble, and A Rostami	
BRIEF REPORTS	
A pilot study to assess the impact of an educational patient hand hygiene intervention on acquisition of colonization with health care-associated pathogens	334
H Rai, C Saldana, MI Gonzalez-Orta, S Knighton, JL Cadnum, and CJ Donskey	
Mumps outbreak with high complication rates among residents in a university teaching hospital	337
E Pérez-Alba, A García-Ortiz, RG Salazar-Montalvo, MA Hernández-Guedea, and A Camacho-Ortiz	
Optimizing testing for <i>Clostridium difficile</i> infection: A quality improvement project	340
K Sperling, A Priddy, N Suntharam, and T Feuerhake	
Braden score may be associated with time to onset of catheter-associated urinary tract infection in high-risk patients: Lessons learned from a root cause analysis tool	343
B Sturgill, H Patolia, A Gushiken, M Gomez dela Espriella, and AW Baffoe-Bonnie	
Comparing brief, covert, directly observed hand hygiene compliance monitoring to standard methods: A multicenter cohort study	346
A Werzen, KA Thom, GL Robinson, S Li, C Rock, LA Herwaldt, DJ Diekema, HS Reisinger, and EN Perencevich	

Chlorhexidine gluconate bathing: Patient perceptions, practices, and barriers at a tertiary care center

349

G Vanhoozer, I Lovern BS, N Masroor, S Abbas, M Doll, K Cooper, MP Stevens, and G Bearman
