MESSAGE FROM APIC

Meet us in St. Louis! APIC's Inaugural Applied Learning Conference 857

MAJOR ARTICLES

Antibiotic stewardship targets in the outpatient setting 858

AT White, CM Clark, JA Sellick, and KA Mergenhagen

Physicians' attitude and knowledge regarding antibiotic use and resistance in ambulatory settings 864

A Harris, S Chandramohan, RA Awali, M Grewal, G Tillotson, and T Chopra

Impact of syndrome-specific antimicrobial stewardship interventions on use of and resistance to fluoroquinolones: An interrupted time series analysis 869

MT Hecker, AH Son, NN Murphy, AK Sethi, BM Wilson, RR Watkins, and CJ Donskey

Interprofessional perceptions and emotional impact of multidrug-resistant organisms: A qualitative study 876

S Bushuven, A Dietz, S Bushuven, M Dettenkofer, and T Langer

Characteristics associated with hepatitis B vaccination initiation and completion among adults traveling to a country of high or intermediate endemicity 883

C Tian, X Ding, H Wang, W Wang, and X Luo

Characteristics associated with hepatitis A vaccination initiation and completion among adults traveling to a country of high or intermediate endemicity 889

C Tian, X Ding, H Wang, W Wang, and X Luo

Understanding drivers of influenza-like illness presenteeism within training programs: A survey of trainees and their program directors 895

K Cowman, J Mittal, G Weston, E Harris, L Shapiro, S Schlair, S Park, and P Nori

Risk factors for *Staphylococcus aureus* colonization in a presurgical orthopedic population 902

SE Kent, GB Schneider, BL Hollenbeck, and SC Vlad

Assessment of current methicillin-resistant *Staphylococcus aureus* screening protocols and outcomes at an academic medical center 906

V Richards and E Tremblay

Optimizing treatment of respiratory tract infections in nursing homes: Nurse-initiated polymerase chain reaction testing 911

L Dowson, C Marshall, K Busing, ND Friedman, DCM Kong, and RL Stuart

Colonization by fecal extended-spectrum β-lactamase-producing Enterobacteriaceae and surgical site infections in patients with cancer undergoing gastrointestinal and gynecologic surgery	916
MF Golzarri, J Silva-Sánchez, P Cornejo-Juárez, H Barrios-Camacho, LD Chora-Hernández, C Velázquez-Acosta, and D Vilar-Compte	
High 30-day readmission rates associated with <i>Clostridium difficile</i> infection	922
E Verheyen, V Dalapathi, S Arora, K Patel, PK Mankal, V Kumar, E Lung, DP Kotler, and A Grinspan	
Demonstrating the persistent antibacterial efficacy of a hand sanitizer containing benzalkonium chloride on human skin at 1, 2, and 4 hours after application	928
SW Bondurant, CM Duley, and JW Harbell	
Health care worker sensitivity to chlorhexidine-based hand hygiene solutions: A cross-sectional survey	933
S Barnes, R Stuart, and B Redley	
Modified glove use for contact precautions: Health care workers' perceptions and acceptance	938
S Jain, K Clezy, and M-L McLaws	
Prevalence and risk factors of health care-associated infections in a limited resources country: A cross-sectional study	945
HB Ayed, S Yaich, M Trigui, MB Jemaa, MB Hmida, R Karray, M Kassis, Y Mejdoub, H Feki, J Jedidi, and J Damak	
Health care-associated infection surveillance system in Iran: Reporting and accuracy	951
A Seifi, N Dehghan-Nayeri, L Rostamnia, S Varaei, A A Sari, H Haghani, and V Ghanbari	
<i>STATE OF THE SCIENCE REVIEW</i>	
Methods for microbial needleless connector decontamination: A systematic review and meta-analysis	956
JM Flynn, EN Larsen, S Keogh, AJ Ullman, and CM Rickard	
Economic health care costs of blood culture contamination: A systematic review	963
C Dempsey, E Skoglund, KL Muldrew, and KW Garey	
Overview and comparison of <i>Legionella</i> regulations worldwide	968
E Van Kenhove, K Dinne, A Janssens, and J Laverge	
Clinical practice guidelines for creating an acute care hospital-based antimicrobial stewardship program: A systematic review	979
E Rennert-May, DS Chew, J Conly, M Guirguis, J Slobodan, S Fryters, and L Bresee	
Bacterial contamination of medical providers' white coats and surgical scrubs: A systematic review	994
S Goyal, SC Khot, V Ramachandran, KP Shah, and DM Musher	
<i>PRACTICE FORUM</i>	
Reduction of hospital-acquired infections in the neonatal intensive care unit: A long-term commitment	1002
O Flidel-Rimon, A Guri, D Levi, P Ciobotaro, M Oved, and ES Shinwell	

BRIEF REPORTS

- Assessing the Feasibility of a Focused Multivector Ultraviolet System Between Surgery Cases with a Parallel Protocol for Enhanced Disinfection Capabilities** 1006
D Armellino, TJ Walsh, V Petraitis, and W Kowalski
- Simplifying Disinfectant Choices to Improve Safety in Contact Precaution Rooms** 1009
D Goldish, S Hendrick, M Hurwitz, D Sisk, and D Lee
- Seasonal differences in central line–associated bloodstream infection incidence rates in a Central European setting: Results from prospective surveillance** 1011
PW Schreiber, M Dunic, A Wolfensberger, L Clack, C Falk, H Sax, and SP Kuster
- The impact of chlorhexidine gluconate on the skin microbiota of children and adults: A pilot study** 1014
AE Kates, ML Zimbric, K Mitchell, J Skarlupka, and N Safdar
- Hand hygiene and needleless connector decontamination for peripheral intravenous catheter care—time and motion observational study** 1017
K Slater, M Cooke, E Scanlan, and CM Rickard
- Determining the organic matter burden of exercise-tracking devices using adenosine triphosphate surveillance** 1020
MB Vorwald and LC Letzkus
- Switching from expectorated to induced sputum cultures for tuberculosis diagnosis reduces cost without increasing risk** 1022
QA Mohiuddin, L Parkes, and M Gardam
- Impact of a novel mobile high-efficiency particulate air–ultraviolet air recirculation system on the bacterial air burden during routine care** 1025
W Bischoff, G Russell, E Willard, and J Stehle Jr
- Probiotic use as prophylaxis for *Clostridium difficile*-associated diarrhea in a community hospital** 1028
SL Hudson, G Arnoczy, H Gibson, C Thurber, J Lee, and A Kessell
- Bare below the elbows in an academic medical center** 1030
EJ Godbout, N Masroor, M Doll, MB Edmond, G Bearman, and MP Stevens
- Central line infections in United States hospitals: An exploration of variation in central line device days and infection rates across hospitals that serve highly complex patient populations** 1032
JL Hefner, N Fareed, DM Walker, TR Huerta, and AS McAlearney
- Effect of carbapenem restriction on prescribing trends for immunocompromised wards at an academic medical center** 1035
A Kirk, J Pierce, M Doll, K Lee, A Pakyz, J Kim, D Markley, O De la Cruz, G Bearman, and MP Stevens
