Society for Maternal-Fetal Medicine (SMFM) branded publications are developed and reviewed by the Publications Committee.

These documents have undergone an internal peer review through a multilevel committee process within SMFM. This review involves critique and feedback from the SMFM Publications and Document Review Committees and final approval by the SMFM Executive Committee. SMFM accepts sole responsibility for document content. SMFM publications do not undergo editorial and peer review by the American Journal of Obstetrics & Gynecology. The SMFM Publications Committee reviews publications every 18-24 months and issues updates as needed. Further details regarding SMFM publications can be found at www.smfm.org/publications. All questions or comments regarding the document should be referred to the SMFM Publications Committee at pubs@smfm.org.
