CONTENTS

COVER

On the cover: Treating adults with anterior open bite: A National Dental Practice-Based Research Network report. The National Dental Practice-Based Research Network is a consortium of dental practices and organizations in the United States committed to advancing dental knowledge. The Adult Anterior Open Bite Study was conducted in this network. The project, which was launched in 2015, enrolled 91 practitioners and 347 patients. The first aim of the study, investigating doctor and patient factors related to treatment recommendations, is reported in this issue of AJODO. The smiling faces on the cover are Austin, Taylor, and Jodi Fasnacht. This family was treated by Drs. Gregg and Daniel Frey, of FreySmiles Orthodontics, Schnecksville, Pa.
