Editorials

Strategy focused on clinical parameters of microcirculation to resuscitate patients in septic shock: Do not forget any tools
S.D. Barbar, L. Muller, V. Bruckert, M. Leone and M. Singer 209

Should we keep levosimendan in our pharmacies? Yes, undoubtedly!
B. Cholley and T. Caruba 211

CON: Levosimendan should be used in clinical practice for patients with significantly impaired left ventricular function undergoing cardiac surgery
N. Fletcher 213

Should we still prescribe Levosimendan for low cardiac output after cardiac surgery? Perhaps in the good patients!
R. Pirracchio 215

Postoperative admission in surgical ICU, less is more?
M. Vourc'h and K. Asehnoune 217

ARDS in patients with chest trauma: Better safe than sorry
M. Jabaudon, R. Blondonnet and J.-M. Constantin 221

Original articles

Perioperative pain and post-operative nausea and vomiting (PONV) management after day-case surgery: The SFAR-OPERA national study
F. Aubrun, C. Ecoffey, D. Benhamou, L. Jouffroy, P. Diemunsch, K. Skaare, J.L. Bosson and P. Albaladejo 223

Sedation with dexmedetomidine prolongs the analgesic duration of brachial plexus block: a randomised controlled trial
B. Hong, C. Jung, Y. Jo, H. Kang, W. Chung, Y.-H. Kim, C. Lim and Y. Ko 231

Haemodynamic changes and incisional bleeding after scalp infiltration of dexmedetomidine with lidocaine in neurosurgical patients
H. Kim, S.-H. Choi, S.-H. Ha, W.-S. Chang, G.-A. Heo, J. Jeong and K.T. Min 237

Levosimendan in patients with low cardiac output syndrome undergoing cardiac surgery: A systematic review and meta-analysis
J. Zhu, Y. Zhang, L. Chen, Y. He and X. Qing 243

Evolution of neurological recovery during the first year after subarachnoid haemorrhage in a French university centre
R. Cinotti, J.-B. Putegnât, K. Lakhal, H. Desal, A. Chenet, K. Buffenoir, D. Frasca, B. Allaouchiche, K. Asehnoune and B. Rozec 251

Admission to surgical intensive care unit in time with intensivist coverage and its association with postoperative 30-day mortality: The role of intensivists in a surgical intensive care unit
O. Tak Kyu, E. Ji, S. Ahn, D.J. Kim and I.-A. Song 259

Review

Acute respiratory distress syndrome after chest trauma: Epidemiology, specific physiopathology and ventilation strategies
S. Ramin, J. Charbit, S. Jaber and X. Capdevila 265
