In memoriam

In Memoriam of Professor Claude Martin 1949–2019

M. Leone and L. Papazian 413

Editorials

Neuro-prognostication: Don't forget that time is brain!

E. Bouchereau and V. Degos 415

Should we continue to test soluble thrombomodulin, or other systemic anticoagulants, as a life-saving therapy for sepsis-induced coagulopathy?

P.-F. Laterre, M.M. Levy, X. Wittebole, T. Dugernier, B. Francois and S.M. Opal 419

Transcatheter Aortic Valve Replacement for symptomatic aortic stenosis: The default strategy?

B. Duceau, V. Bruckert, N. Mongardon and A. Bouglé 423

A small step for sedation that may become a giant leap for critical care medicine

J.-M. Constantin, T. Godet, A. James and A. Monsel 425

What is the most appropriate spontaneous breathing trial before extubation in ICU ventilated patients?

A. De Jong, M. Capdevila, G. Chanques, L. Cazenave and S. Jaber 429

Obstructive sleep apnoea and postoperative complications: A significant link?

E. Deflandre and J.-F. Brichant 431

Positive end expiratory pressure (PEEP) in the operative theatre: What's next?

T. Godet, P.-J. Cung and E. Futier 435

Epidemiology of trauma: From medico-administrative database to large prospective registry

T. Gauss, P. Bouzat and T. Geeraerts 439

Routine use of viscoelastic tests for severe trauma management: The dark side

F. Cook, G. Bouhours and P. Pasquier 441

Routine use of viscoelastic tests for severe trauma management: The bright side

D. Garrigue, B. Prunet and J. Pottecher 445

The Twilight Zone: Ten beliefs about viscoelastic tests

T. Gauss, A. Lamblin and P. Bouzat 449

Antimicrobial therapy during ECMO – customised dosing with therapeutic drug monitoring: The way to go?

M.H. Abdul-Aziz, K. Shekar and J.A. Roberts 451

Opioid-free anaesthesia: The need for evidence-based proofs

H. Beloeil 455

How to deal with peripheral regional anaesthesia while antithrombotics on board?

A. Godier and S. Bloc 457

Epidemiology of trauma in France: mortality and risk factors based on a national medico-administrative database

T. Bège, V. Pauly, V. Orleans, L. Boyer and M. Leone 461

Original articles

Effects of modification of trauma bleeding management: A before and after study

C. Guth, O. Vassal, A. Friggeri, P.-F. Wey, K. Inaba, E. Decullier, F.-X. Ageron and J.-S. David 469

Continued on page ii

Dexmedetomidine to facilitate non-invasive ventilation after blunt chest trauma: A randomised, double-blind, crossover, placebo-controlled pilot study <i>B. Deletombe, T. Trouve-Buisson, A. Godon, D. Falcon, L. Giorgis-Allemand, P. Bouzat, J.-L. Bosson and J.-F. Payen</i>	477
Low interleukin-10 release after ex vivo stimulation of whole blood is associated with persistent organ dysfunction in sepsis: A prospective observational study <i>N. Nessler, C. Martin-Chouly, H. Perrichet, J.T. Ross, C. Rousseau, P. Sinha, S. Isslame, E. Masseret, Y. Mallédant, Y. Launey and P. Seguin</i>	485
PHARMECMO: Therapeutic drug monitoring and adequacy of current dosing regimens of antibiotics in patients on Extracorporeal Life Support <i>A. Bouglé, O. Dujardin, V. Lepère, N. Ait Hamou, C. Vidal, G. Lebreton, J.-E. Salem, N. El-Helali, G. Petijean and J. Amour</i>	493
Effect of opioid-free anaesthesia on postoperative epidural ropivacaine requirement after thoracic surgery: A retrospective unmatched case-control study <i>M. Bello, S. Oger, S. Bedon-Cardé, C. Vielstadte, F. Leo, C. Zaouter and A. Ouattara</i>	499
Reviews	
Bleeding complications following peripheral regional anaesthesia in patients treated with anticoagulants or antiplatelet agents: A systematic review <i>F. Joubert, P. Gillois, H. Bouaziz, E. Marret, G. Iohom and P. Albaladejo</i>	507
Letters to the editor	
Reply letter to: Physician's experience in decisions of withholding and withdrawing life-sustaining treatments: A multicenter survey in emergency departments <i>A. Lamblin and C. Derkenne</i>	517
Answer to the reply letter to: Physician's experience in decisions of withholding, withdrawing life-sustaining treatments: A multicentre survey in emergency departments <i>M. Douplat, L. Jacquin, K. Tazarourte and P. Le Coz</i>	519
Data quality and blockchain technology <i>V. Bellini, A. Petroni, G. Palumbo and E. Bignami</i>	521
Active participation in high fidelity simulation might be associated with higher stress level and better learning outcomes at three months than external observation <i>M. Lilot, J.-N. Evain, A. Duclos, J.-J. Lehot and T. Rimmelé</i>	523
Do observers and active participants learn similarly during high fidelity sessions? <i>A. Blanie and D. Benhamou</i>	527
Sugammadex for reversal of neuromuscular blockade in paediatric patients: A two-year single-centre retrospective study <i>A. Simonini, E. Brogi, M.G. Calevo and M. Carron</i>	529
Per-anaesthesia malignant hyperthermia: Not so rare, not so usual <i>P.-Y. Cordier, M. Laurent, E. Gaudray, É. Peytel and J. Bordes</i>	533
Management of malignant hyperthermia in France: Current organisation <i>F. Julien Marsollier, N. Roux-Buisson, A.-F. Dalmás, B. Bruneau and S. Dahmani</i>	535
Sensory selective peripheral nerve block for wide-awake surgery <i>S. Yoo, S. Bang and S.-E. Park</i>	537
Guidelines	
Position of the French Working Group on Perioperative Haemostasis (GIHP) on viscoelastic tests: What role for which indication in bleeding situations? <i>S. Rouillet, E. de Maistre, B. Ickx, N. Blais, S. Susen, D. Faraoni, D. Garrigue, F. Bonhomme, A. Godier, D. Lasne and GIHP</i>	539
Antibioprophylaxis in surgery and interventional medicine (adult patients). Update 2017 <i>C. Martin, C. Auboyer, M. Boisson, H. Dupont, R. Gauzit, M. Kitzis, M. Leone, A. Lepape, O. Mimos, P. Montravers, J.L. Pourriat, Steering committee of the French Society of Anaesthesia and Intensive Care Medicine (SFAR) responsible for the establishment of the guidelines.</i>	549
