## Yale University School of Medicine Department of Emergency Medicine Fellowship Programs

For specific information including deadlines and requirements,  
visit: <http://medicine.yale.edu/emergencymed/>

The **Implementation Science** fellowship is a 2-3 year program that will train investigators in the principles and practice of dissemination and implementation science. Supported by a K12 grant from NIH's National Heart, Lung, and Blood Institute, fellows will receive training at the new Yale Center for Implementation Science (YCIS), the Yale Center for Clinical Investigation, and the National Clinician Scholars Program. Eligible candidates may receive a Masters in Health Sciences degree. Mentors come from the Yale Schools of Medicine, Nursing, and Public Health, as well as many community-based organizations in New Haven. For further information, contact **Steven L. Bernstein, MD**, [steven.bernstein@yale.edu](mailto:steven.bernstein@yale.edu).

The **Research** fellowship is a 2-3 year program focused on training clinician scholars as independent researchers in Emergency Medicine. Scholars will earn a Master of Health Sciences degree from Yale combining clinical experience with extensive training in research methods, statistics, and research design. With the guidance of research content experts and professional coach mentors, the scholar will develop a research program, complete a publishable project and submit a grant application prior to completion of the program. The program is credentialed by the Society for Academic Emergency Medicine. For further information, contact **Steven L. Bernstein, MD**, [steven.bernstein@yale.edu](mailto:steven.bernstein@yale.edu).

The **Yale Drug use, Addiction, and HIV Research Scholars (DAHRS)** Mentored Career Development Program (NIDA K12) provides a 3 year post-doctoral interdisciplinary, research training experience preparing investigators for careers focusing on drug use, addiction, and HIV prevention and treatment in general medical settings. Scholars earn the Master in Health Sciences degree that combines vigorous research methodology, statistics and design didactics in small group sessions and seminars covering topics related to drug use, addiction and HIV, leadership, grant writing and responsible conduct of research. Candidates complete mentored research project(s), multiple manuscripts, and apply for independent funding. For further information, visit [www.medicine.yale.edu/dahrs](http://www.medicine.yale.edu/dahrs) or contact **Gail D'Onofrio, MD, MS**, [dahrs@yale.edu](mailto:dahrs@yale.edu).

The fellowship in **Emergency Ultrasound** is a 1 or 2 year program that will prepare graduates to lead an academic/community emergency ultrasound program. The 2-year option includes a Master of Health Sciences or Master of Public Health with a focus on emergency ultrasound research. This fellowship satisfies recommendations of all major societies for the interpretation of emergency ultrasound, and will include exposure to aspects of program development, quality assurance, properties of coding and billing, and research. The program consists of structured time in the ED performing bedside examinations, examination QA and review, research into new applications, and education in the academic/community arenas. We have a particular focus on emergency echo and utilize state of the art equipment, as well as wireless image review. Information about our Section can be found at <http://eus.yale.edu>. For further information, contact **Rachel Liu MD**, [rachel.liu@yale.edu](mailto:rachel.liu@yale.edu), or apply online at [www.eusfellowships.com](http://www.eusfellowships.com).

The **Administration** fellowship is a 2-year program that will prepare graduates to assume administrative leadership positions in private or academic emergency medicine as well as hospitals and health systems. The fellow will acquire experience in all facets of emergency department clinical operations, with close mentorship from department and hospital administrative leaders. Fellows will complete the recently #1 ranked Executive MBA program at the Yale School of Management. In addition, the candidate will assume graduated leadership roles on one or more projects supporting departmental activities usually culminating as Assistant Medical Director in the second year of the fellowship. For further information, contact **Arjun Venkatesh, MD, MBA, MHS**, [arjun.venkatesh@yale.edu](mailto:arjun.venkatesh@yale.edu).

The **Global Health and International Emergency Medicine** fellowship is a 2-year program offered by Yale in partnership with the London School of Hygiene & Tropical Medicine (LSHTM). Fellows will develop a strong foundation in global public health, tropical medicine, humanitarian assistance and research. They will receive an MSc from LSHTM, a diploma in Tropical Medicine (DTM&H) and complete the Health Emergencies in Large Populations (HELP) course offered by the ICRC in Geneva. In addition, fellows spend 6 months in the field working with on-going Yale global health projects or on an independent project they develop. For further information, contact the fellowship director, **Hani Mowafi, MD, MPH**, [hani.mowafi@yale.edu](mailto:hani.mowafi@yale.edu).

The fellowship in **EMS** is a 1-year program that provides training in all aspects of EMS, including academics, administration, medical oversight, research, teaching, and clinical components. The ACGME-accredited program focuses on operational EMS, with the fellow actively participating in the system's physician response team, and all fellows offered training to the Firefighter I or II level. A 1-year MPH program is available for fellows choosing additional research training. The fellowship graduate will be prepared for a career in academic EMS and/or medical direction of a local or regional EMS system, and for the ABEM subspecialty examination. For further information, contact **David Cone, MD**, [david.cone@yale.edu](mailto:david.cone@yale.edu).

The **Medical Simulation** fellowship is a 1-year program that provides training in all aspects of healthcare simulation, including high fidelity mannequin simulation with computer program training, acquisition of debriefing and teaching skills, use of novel wearable technologies, and procedural simulation. The fellow will participate in all educational programs for medical students, nurses, residents and faculty at the Yale Center for Medical Simulation. The program includes options to train in research methodology through the Research Division of the Department of Emergency Medicine and participate in medical education coursework through Yale School of Medicine. The fellowship will include attendance of the one-week Comprehensive Instructor Workshop at the Institute for Medical Simulation in Boston. For further information, contact **Leigh Evans, MD**, [leigh.evans@yale.edu](mailto:leigh.evans@yale.edu).

The **Educational Leadership** fellowship is a 1 or 2-year program that provides the training and education to develop academic emergency physicians to have the skills, knowledge and experience to be strong educators and leaders in Emergency Medicine education with the focus on developing leaders in EM residencies or in Undergraduate Medical Education. The fellow will be an Assistant Residency Program Director and an integral member of the education faculty. They will be supported to attend leadership training as well as using other internal resources, CORD and ACEP to further their education. For further information, contact **David Della-Giustina, MD, FACEP**, [david.della-giustina@yale.edu](mailto:david.della-giustina@yale.edu).

The **Wilderness Medicine** fellowship is a 1-year program that provides the core content of medical knowledge and skills in being able to plan for and to provide care in an environment that is limited by resources and geographically separated from definitive medical care in all types of weather and evacuation situations. The fellow will be supported to obtain the Diploma in Mountain Medicine and other Wilderness Medical education. The fellow will become a leader and national educator in the growing specialty of wilderness medicine. For further information, contact **David Della-Giustina, MD, FACEP**, [david.della-giustina@yale.edu](mailto:david.della-giustina@yale.edu).

The **Clinical Informatics** fellowship is a 2-year program that provides ACGME-approved training in all aspects of clinical informatics. The program is administered through the Yale Department of Emergency Medicine. In the first year, the fellow will rotate between the Yale-New Haven Health and Veterans Affairs. Major blocks will be devoted to electronic health records, clinical decision support, databases and data analysis, and quality and safety. Experiential learning will be combined with didactic classes and conferences. The second year is dedicated to advanced learning and project leadership. The fellow will attend the American Medical Informatics Association annual meeting. The program prepares fellows for Clinical Informatics Board examination. For further information, contact **Ted Melnick, MD, MHS**, [edward.melnick@yale.edu](mailto:edward.melnick@yale.edu).

All require the applicant to be BP/BC emergency physicians and offer an appointment as an Instructor to the faculty of the Department of Emergency Medicine at Yale University School of Medicine. Applications are available at the Yale Emergency Medicine web page <http://medicine.yale.edu/emergencymed/> and are due by November 15, 2019 with the exception of the **Clinical Informatics Fellowship**, the **Wilderness Fellowship**, and the **Educational Leadership Fellowship**, which are due by October 1, 2019.

*Yale University and Yale-New Haven Hospital are affirmative action, equal opportunity employers and women, persons with disabilities, protected veterans, and members of minority groups are encouraged to apply.*

**Department of Emergency Medicine**  
**Yale University School of Medicine**  
*Advancing the Science and Practice of Emergency Medicine*

**The Department of Emergency Medicine at the Yale University School of Medicine** has a total of 4 clinical sites: Adult Emergency Services at York Street Campus; Shoreline Medical Center; Saint Raphael's Campus; and the West Haven VA Emergency Department with a combined ED volume of 195,000 visits per year. We are seeking faculty at all ranks (Clinician, Assistant Professor, Associate Professor, Professor, etc.) with interests in clinical care, education or research to enhance our existing strengths. Interest and/or experience in observation medicine is a plus. The successful candidate may be a full-time clinician committed to excellence in patient care and emergency medicine education or one that would want to join the academic faculty promoting scholarship to enhance the field of emergency medicine. We offer an extensive faculty development program for junior and more senior faculty. We have a well-established track record of interdisciplinary collaboration with other renowned faculty, obtaining federal and private foundation funding, and a mature research infrastructure supported by a faculty Research Director, a staff of research associates and administrative assistants.

Eligible candidates must be residency-trained and board-certified/-prepared in emergency medicine. Rank, protected time and salary will be commensurate with education, training and experience.

Yale University is a world-class institution providing a wide array of benefits and research opportunities.

To apply, please visit: <http://apply.interfolio.com/52744> to upload your CV and cover letter. Specific inquiries about the position may be sent to the Chair: Gail D'Onofrio, MD, MS, via email: [jamie.petrone@yale.edu](mailto:jamie.petrone@yale.edu).

Yale University is an Affirmative Action/Equal Opportunity employer. Yale values diversity among its students, staff, and faculty and strongly welcomes applications from women, persons with disabilities, protected veterans, and underrepresented minorities.

**Department of Emergency Medicine**  
**Yale University School of Medicine**  
*Advancing the Science and Practice of Emergency Medicine*

**The Department of Emergency Medicine at the Yale University School of Medicine** seeks to fill the position of Assistant / Associate Residency Program Director. The Department has a fully accredited four-year residency hosting 60 residents at two teaching hospitals, including the Level One Trauma Center at Yale-New Haven Hospital, which treats 100,000 patients annually. Our didactic curriculum makes extensive use of small-group discussions, audience response technologies, e-learning, simulation, and Areas of Concentration Program. The successful candidate will be expected to help lead the residency under the direction of the Residency Program Director and to perform scholarly activity to advance the science and practice of Emergency Medicine.

## Emergency Medicine & Toxicology Faculty

### Rutgers Robert Wood Johnson Medical School

The Department of Emergency Medicine at Rutgers Robert Wood Johnson Medical School, one of the nation's leading comprehensive medical schools, is currently recruiting Emergency Physicians and Medical Toxicologists to join our growing academic faculty.

Rutgers Robert Wood Johnson Medical School and its principal teaching affiliate, Robert Wood Johnson University Hospital, comprise New Jersey's premier academic medical center. A 580-bed, Level 1 Trauma Center and New Jersey's only Level 2 Pediatric Trauma Center, Robert Wood Johnson University Hospital has an annual ED census of greater than 90,000 visits.

The department has a well-established, three-year residency program and an Emergency Ultrasound fellowship. The department is seeking physicians who can contribute to our clinical, education and research missions.

Qualified candidates must be ABEM/ABOEM certified/eligible. Salary and benefits are competitive and commensurate with experience. Sub specialty training is desired but not necessary.

For consideration, please send a letter of intent and a curriculum vitae to:

**Robert Eisenstein, MD, Chair, Department of Emergency Medicine**  
Rutgers Robert Wood Johnson Medical School

**1 Robert Wood Johnson Place, MEB 104, New Brunswick, NJ 08901**

## Vice Chair of Research

### Rutgers, Robert Wood Johnson Medical School Department of Emergency Medicine

Rutgers is New Jersey's premiere public research university. With a \$1 billion commitment to invest in, support and drive groundbreaking, advanced research, the recent Rutgers and RWJ Barnabas Health integrated academic health system aims to further the university's reputation as a leader in academic health care and biomedical research.

Rutgers currently is ranked among the nation's top 20 public universities for research and development expenditures. Rutgers Robert Wood Johnson Medical School is first in the state for research and has steadily attracted increased NIH funding and grants in excess of \$1 million, as well as substantially expanded its clinical trials with the launch of a new, world-class adult clinical research center.

The Department of Emergency Medicine is seeking a Vice Chair of Research at the Associate Professor or Professor level, preferably tenure track. The Department's goal is to grow its research and scholarly output while building a nationally recognized research program. The Vice Chair will provide leadership and oversight of the research mission for the Department. Successful candidates will have a demonstrated track record of independently funded research, publication in high-impact, peer-reviewed journals, strong mentorship skills and clear evidence of promoting the academic careers of junior faculty. The Vice Chair must demonstrate expertise in leading research in EM and possess the interpersonal skills to engage, inspire and work across disciplines within a large, diverse organization.

## EMERGENCY MEDICINE CLINICAL AND RESEARCH FACULTY

Weill Cornell Medicine's new academic Department of Emergency Medicine is seeking motivated Clinical and Research Emergency Medicine faculty. We are seeking candidates to join a diverse enthusiastic group of academic Emergency Physicians at one of the premier academic medical centers in the nation. Successful candidates will be full-time clinicians committed to excellence in patient care and education or to research and scholarship. Research faculty applicants must have a demonstrated track record or the potential to obtain independently-funded, investigator-initiated research. All areas of research relevant to Emergency Medicine are of interest, including but not limited to translational research, clinical research, technology development, big data science, informatics, health services research, and health policy research.

The Emergency Department at New York Presbyterian-Weill Cornell Medical Center serves as one of the major campuses of the fully accredited four-year New York Presbyterian Emergency Medicine Residency Program. Our Emergency Department is a high volume, high acuity regional trauma, burn and stroke center caring for more than 90,000 adult and pediatric patients. Faculty also have the opportunity to work at our New York Presbyterian-Lower Manhattan Hospital ED Campus, which is a busy community hospital seeing 45,000 annual visits.

We offer programs in Telemedicine, Medical Toxicology, Geriatric Emergency Medicine, Wilderness Medicine, Global Emergency Medicine, Simulation and Healthcare Management and Leadership. In addition, we offer fellowships in Geriatric Emergency Medicine, Emergency Medicine, Healthcare Leadership and Management, Pediatric Emergency Medicine as well as PA and NP residencies in Emergency Medicine.

We offer a highly competitive salary, a comprehensive benefits package, and a generous retirement plan. Academic appointment at Weill Cornell Medicine and salary will be commensurate with experience.

For the 2019-20 period, New York Presbyterian Hospital ranked No. 5 in the nation and No. 1 in the New York Metropolitan area US News & World Report Best Hospitals rankings.

### Please send curriculum vitae and cover letter to:

Rahul Sharma, MD, MBA, FACEP Chairman and Emergency Physician-in-Chief  
ras2022@med.cornell.edu

emed.weill.cornell.edu

New York Presbyterian Hospital-Weill Cornell Medicine is an equal opportunity employer- Minorities/Women/Vets/Disabled encouraged to apply.

## VICE CHAIR OF RESEARCH

The newly established Department of Emergency Medicine at Weill Cornell Medicine, led by Dr. Rahul Sharma, is seeking a highly motivated Vice Chair of Research at the Associate Professor or Professor level, preferably tenure track, to join the leadership team. The Vice Chair of Research position represents a major leadership appointment in the Department. The individual will report directly to the Department Chair and will provide leadership and oversight of the research mission for the Department. The Vice Chair must be visionary, demonstrate expertise in leading research in EM, and possess the ability to work across disciplines within a large, diverse organization.

The Department has a highly dedicated faculty, including junior, mid-career, and senior members with a diverse mix of clinical, research and educational interests. The Vice Chair of Research will be expected to develop and lead research education and mentorship for faculty and residents. Successful candidates will have a demonstrated track record of independently funded research, publication in high-impact, peer-reviewed journals, strong mentorship skills and clear evidence of promoting the academic careers of junior faculty.

We offer a highly competitive salary, a generous support package to ensure the candidates transition and continued success, a comprehensive benefits package, and a generous retirement plan.
