The American College of Emergency Physicians' 2019 Research Forum is ACEP's premier research event, running concurrently with and in the same location as ACEP19.

The *Research Forum* provides research Directors, residency programs, as well as physicians in non-academic settings an opportunity to discuss original research.

At the *Research Forum* you can:

- Present and discuss original research at a national gathering of researchers, teachers, and practitioners of emergency medicine
- Meet, confer, and network in a highly supportive environment

The program format is designed to:

- Provide valuable feedback to all presenters through a presentation/discussion format
- Mentor young researchers by providing a supportive learning environment
- Provide all emergency physicians the latest advances on a wide variety of topics

Conference Highlights:

- Oral presentations followed by a discussion led by a recognized researcher
- All abstracts will be presented electronically grouped by topic and critiqued by a recognized discussant
- Prime Time Practice Changes: Highlights of the 2019 Research Forum featuring a panel of experts discussing abstracts that have significant implications for emergency medicine practice or research

The *Research Forum* will run concurrently with ACEP19. The benefits of this include:

- Free admission to *Research Forum* when you sign up for four days of ACEP19
- Taking one trip to attend both meetings
- Greater exposure to presenters' research
- Access to favorable hotel rates negotiated for ACEP19
- Admission to the ACEP19 Exhibit Hall

The cost for *Research Forum* presenters is \$355;  
\$200 for one-day presenters.

If you register for all four days of ACEP's *Scientific Assembly* (October 27-30), there is no fee to attend *Research Forum* on October 27-29.
