

# Calendar

The Calendar is prepared by the American College of Emergency Physicians Educational Products Division from applications received for ACEP Category I credit. Courses approved for ACEP Category I credit are indicated by ■. ACEP Category I approved credit hours are indicated after each listing.

Color indicates ACEP sponsored or jointly sponsored courses.

For more information contact the Educational Products Division, ACEP, PO Box 619911, Dallas, Texas 75261-9911, (800) 798-1822.

For a list of ACEP Category I approved education materials/programs available for Home Study, contact the ACEP Educational Products Division.

ACEP Category I credit is automatically granted to the ATLS Instructor (26 hr) and ATLS Provider (20 hr) courses when following the American College of Surgeons protocol.

# Submit Your Abstract

Get recognized by the Leaders in Emergency Medicine

**Abstracts Are Due May 21, 2020**

The American College of Emergency Physicians' 2020 Research Forum is dedicated to the presentation of original research related to emergency medicine by investigators in clinical and basic science.

## Abstract Review Process

Abstracts will be peer reviewed in a blinded manner for presentation at the 2020 Research Forum. Abstracts that are judged to be scientifically valid with important information that has potential to directly impact patient care will be scored more favorably.

Notification letters will be emailed on or before July 1, 2020. We regret that we cannot give notification by information by telephone.

## Accepted Abstracts

All accepted abstracts will be presented electronically in Power Point (or equivalent) format. The top 15 abstracts will be presented during daily plenary sessions; all others will be given during themed e-poster sessions.

## Awards

Presenters will be evaluated in real time by members of the ACEP Research Committee. Based on presentation quality, research methodology, and potential clinical impact, recipients of the following will be selected:

### 1. Best Abstract Award

### 2. Best Young Investigator Award

Assistant professor or instructor level within first five years of faculty appointment

### 3. Best Resident Research Award

### 4. Best Medical Student Research Award

Awards will be presented at the 2021 ACEP *Research Forum*.

The **Emergency Medicine Foundation** will also present an award to the **outstanding established researcher** and a special award to an **outstanding young investigator**.

## Abstract Submission Requirements

Abstracts must meet the following submission criteria:

1. Abstracts should represent original research that has not been published in manuscript or abstract form. Case reports or subject reviews are not considered original research.
2. Abstracts submission instructions will be available on ACEP's Web site beginning in March, 2020.  
**Abstracts must be submitted electronically by 4:00pm Central Time, Thursday, May 21, 2020.**
3. Abstracts must adhere to the *Annals of Emergency Medicine* format with the following subheadings: title, study objectives, methods, results, and conclusion.
4. Abstracts are limited to 3000 characters not including spaces. Accepted abstracts will be published as received; no copy editing will be performed.
5. A small table or figure will be accepted. Figures must be black and white with at least 300 dpi and counts as the 3000 character limit.
6. Authors should not be identified in any way on the page containing the abstract.

\*Presentation at the ACEP20 by EMF grant recipients does not constitute previous presentation at a national meeting

# WHAT COMES NEXT?

## Help EMF Continue Driving Advances in Emergency Medicine

For 47 years, EMF grants have enabled research that has made significant contributions to emergency care — contributions that improve patient care and save lives.

Your donation helps us continue funding critical research and building the careers of emergency physicians.

Invest in the future of emergency medicine.

Demonstrating the value of emergency care through better patient outcomes and lower costs.

Understanding the impact of overcrowding on patient care.

Equipping the next generation of emergency physicians.

Enabling EMS providers in resource-constrained settings to resuscitate critically injured patients.

Reducing violence against women through prevention research.
