E-cigarette or Vaping product use Associated Lung Injury (EVALI): Health issues going beyond anaesthetic and surgical perioperative procedures
A. Stoebner, A.-L. Le Faou, M.-E. Huteau, Y. Gricourt and P. Cuvillon 563

Why should anaesthesiologists and intensivists care about climate change?
J. Muret, C. Kelway, F. MacGain, Members of the SFAR's Sustainability Group P. Abback, M. Belin, H. Beloeil, L. Bonnet, S. Chandler, C. Couchepin, C. Dubost, E.M. Hafiani, F. Lallemand, J. Marcantoni, J.-C. Pauchard, K. Pujol and P. Albaladejo 565

End-of-life care in the French ICU: Impact of Claeys-Leonetti law on decision to withhold or withdraw life-supportive therapy
M. Le Dorze, S. Kandelman, B. Veber and SFAR's Ethics Committee 569

ICU diary: Should we turn the page? More liberal visiting policies: Must the door stay closed?
A. Nicolas-Robin 571

Therapeutic hypothermia after cardiac arrest: We have found the missing piece puzzle!
R. Rozier, V. Bruckert and J.-C. Orban 573

CITRIS-ALI: How statistics were used to obfuscate the true findings
P.E. Marik and D. Payen 575

Selepressin in septic shock: A wake-up call for new drugs
M. Leone, G. Duclos, V. Bruckert and S. Einav 579

Non-invasive ventilation and high-flow nasal oxygenation: Looking beyond extubation failure?
J.-M. Constantin, A. Bouglé, J.-P. Salaun and E. Futier 583

New paradigm shift in perioperative medicine: General anaesthesia finally better than procedural sedation for anterior circulation stroke thrombectomy?
R. Chabanne, M. Begard, L. Cazenave and B. Pereira 585

Time is what we make of it
P.-G. Claret, T. Gauss, A. James and P. Bouzat 589

Noradrenaline for haemodynamic control in obstetric anaesthesia: Is it now a suitable alternative to phenylephrine?
F. Mercier, M. Soued, E. Morau and W.D.N. Kee 591

French guidelines of paediatric airway management: Job done?
T. Engelhardt 595

Extending epidural anaesthesia for urgent (code-red or Category 1) caesarean section: Factors of success
D. Benhamou and D.N. Lucas 597

Critical events in paediatric anaesthesia: Lessons learned the APRICOT study's French data
F. Michel and I. Constant 599

Originals articles

Norepinephrine *versus* phenylephrine infusion for prophylaxis against post-spinal anaesthesia hypotension during elective caesarean delivery: A randomised controlled trial
A. Hasanin, S. Amin, S. Refaat, S. Habib, M. Zayed, Y. abdelwahab, M. Elsayad, M. Mostafa, H. Raafat, A. Elshall and S.A.E. Fatah 601

Impact of hypnosis on patient experience after venous access port implantation
L. Hoslin, C. Motamed, A. Maurice-Szamburski, C. Legoupil, S. Pons and L. Bordenave 609

Continued on page ii

A French version of Ringsted's questionnaire on pain-related impairment of daily activities after lung surgery: A cohort study <i>J.-F. Dreyfus, A. Kassoul, M. Michel-Cherqui, M. Fischler and M. Le Guen</i>	615
Retrospective cohort study of decision-to-delivery interval and neonatal outcomes according to the type of anaesthesia for code-red emergency caesarean sections in a tertiary care obstetric unit in France <i>C. Bidon, F.-P. Desgranges, A.-C. Riegel, B. Allaouchiche, D. Chassard and L. Bouvet</i>	623
Thiopental <i>versus</i> propofol on the outcome of the newborn after caesarean section: An impact study <i>O. Montandrou, F. Espitalier, J. Bouyou, M. Laffon and F. Remérand</i>	631
Description of practices and complications in the French centres that participated to APRICOT: A secondary analysis <i>S. Dahmani, A. Laffargue, C. Dadure, F. Veyckemans and the French APRICOT trial group</i>	637
Reviews	
Update in antibiotic therapy in intensive care unit: report from the 2019 Nîmes International Symposium <i>M. Leone, J.A. Roberts, M. Bassetti, A. Bouglé, J.-P. Lavigne, M. Legrand, M. Neely, J.-A. Paiva, D. Payen, J. Rello, C. Roger, F. Sjövall and B. Jung</i>	647
Letters to the editor	
Cost-effectiveness improvement in trauma bleeding management: Whole blood transfusion might also be considered! <i>P.-Y. Cordier, F. Bélot-De Saint Leger, S. Bégué, É. Peytel and C. Martinaud</i>	657
Are we ready to use whole blood for resuscitation in civilian practice? Response to Dr Cordier <i>J.-S. David and K. Inaba</i>	659
Is there an association between emergency physician gender and decision-making during out-of-hospital cardiac arrest? A retrospective study <i>C. Derkenne, O. Bylicki, R. Kedzierewicz, A. Lamblin and D. Jost</i>	661
May levosimendan be safe and effective in refractory vasospasm despite adequate treatment with repeated angiography and milrinone infusion after subarachnoid haemorrhage? <i>V. Cottenceau, B. Poutier, F. Gariel, N. Sauvage, L. Petit, C. Carrie and M. Biais</i>	665
Immediate haemodynamic impact response to a mini-fluid challenge is independent of fluid type: A post-hoc analysis of a randomised double blinded controlled trial <i>A. Joosten, A. Delaporte, P. Van der Linden, J. Rinehart and B. Hipszer</i>	669
A new SFAR/APSf collaboration: Another step towards the common goal of patient safety <i>A. Theissen, X. Capdevila, M. Warner, S. Greenberg and P. Trouiller</i>	671
Thiopental <i>versus</i> Propofol on the outcome of the newborn after caesarean section: Can urgency grade affect the impact? <i>H.M.R. Karim</i>	673
Physical instability of an infusion containing ropivacaine, clonidine and adrenaline tartrate in syringes for pre-operative administration <i>M.-L. Colsoul, B. Lardinois, L. Galanti, L. Soumoy and J.-D. Hecq</i>	675
[TIMP-2]*[IGFBP7] for Predicting Early AKI <i>A. Luthra and A. Tyagi</i>	677
[TIMP-2]*[IGFBP7] for Predicting Early AKI, response to Prof. Tyagi <i>C. Zaouter and A. Ouattara</i>	679
Guidelines	
Management of the child's airway under anaesthesia: The French guidelines <i>C. Dadure, N. Sabourdin, F. Veyckemans, F. Babre, N. Bourdaud, S. Dahmani, M.D. Queiroz, J.-M. Devys, M.-C. Dubois, D. Kern, A. Laffargue, M. Laffon, C. Lejus-Bourdeau, K. Nouette-Gaulain, G. Orliaguet, E. Gayat, L. Velly, N. Salvi and C. Sola</i>	681
Erratum	
Erratum to "Early management of severe pelvic injury (first 24 hours)" [Anaesth Crit Care Pain Med 38 (2019) 199–207. https://doi.org/10.1016/j.accpm.2018.12.003] <i>P. Incagnoli, A. Puidupin, S. Ausset, J.-P. Beregi, J. Bessereau, X. Bobbia, J. Brun, E. Brunel, C. Buléon, J. Choukroun, X. Combes, J.S. David, F.-R. Desfemmes, D. Garrigue, J.-L. Hanouz, I. Plénier, F. Rongieras, B. Vivien, T. Gauss, A. Harrois, P. Bouzat and E. Kipnis</i>	695
