Correction to: *Intensive Care Med*

<https://doi.org/10.1007/s00134-019-05669-z>

The original version of this article unfortunately contained a mistake. The sentence “The contrast between treated (nearly 100%) and untreated (60–80%) mortality is the reason ICUs exist.” is incorrect. The correct sentence is given below. The author apologizes for the oversight.

“The contrast between untreated (nearly 100%) and treated (60–80%) mortality is the reason ICUs exist.”

Author details

¹ Center for Humanizing Critical Care, Intermountain Medical Center, Murray, UT, USA. ² Division of Pulmonary/Critical Care Medicine, University of Utah, Salt Lake City, UT, USA.
