© Springer-Verlag GmbH Germany, part of Springer Nature 2019

The Editors and publisher gratefully acknowledge the excellent work performed by our reviewers. The quality of a journal is definitely depending on the review process. The work laid down by our reviewers is essential for the increasing interest of our journal within ORL-HNS in Europe and outside.

We are sure that we have a common interest to make European Archives of Oto-Rhino-Laryngology an even better journal and a leading one in ORL-HNS in Europe.

At the same time we take the opportunity to wish you all a prosperous new year 2019.
