Vice Chair of Research

Rutgers, Robert Wood Johnson Medical School Department of Emergency Medicine

Rutgers is New Jersey's premiere public research university. With a \$1 billion commitment to invest in, support and drive groundbreaking, advanced research, the recent Rutgers and RWJ Barnabas Health integrated academic health system aims to further the university's reputation as a leader in academic health care and biomedical research.

Rutgers currently is ranked among the nation's top 20 public universities for research and development expenditures. Rutgers Robert Wood Johnson Medical School is first in the state for research and has steadily attracted increased NIH funding and grants in excess of \$1 million, as well as substantially expanded its clinical trials with the launch of a new, world-class adult clinical research center.

The Department of Emergency Medicine is seeking a Vice Chair of Research at the Associate Professor or Professor level, preferably tenure track. The Department's goal is to grow its research and scholarly output while building a nationally recognized research program. The Vice Chair will provide leadership and oversight of the research mission for the Department. Successful candidates will have a demonstrated track record of independently funded research, publication in high-impact, peer-reviewed journals, strong mentorship skills and clear evidence of promoting the academic careers of junior faculty. The Vice Chair must demonstrate expertise in leading research in EM and possess the interpersonal skills to engage, inspire and work across disciplines within a large, diverse organization.

Robert Wood Johnson Medical School and its principal teaching affiliate, Robert Wood Johnson University Hospital, comprise New Jersey's premier academic medical center. A 580-bed, Level 1 Trauma Center and New Jersey's Level 2 Pediatric Trauma Center, Robert Wood Johnson University Hospital has an annual ED census in excess of 90,000 visits. The department has a well-established, three-year Emergency Medicine residency program and an Emergency Ultrasound fellowship. Qualified candidates must be ABEM/ABOEM certified/eligible. Salary and benefits are competitive and commensurate with experience.

For consideration, please send a letter of intent and a curriculum vitae to:

**Robert Eisenstein, MD, Chair, Department of Emergency Medicine
Rutgers Robert Wood Johnson Medical School**

1 Robert Wood Johnson Place, MEB 104, New Brunswick, NJ 08901

Emergency Medicine & Toxicology Faculty

Rutgers Robert Wood Johnson Medical School

The Department of Emergency Medicine at Rutgers Robert Wood Johnson Medical School, one of the nation's leading comprehensive medical schools, is currently recruiting Emergency Physicians and Medical Toxicologists to join our growing academic faculty.

Robert Wood Johnson Medical School and its principal teaching affiliate, Robert Wood Johnson University Hospital, comprise New Jersey's premier academic medical center. A 580-bed, Level 1 Trauma Center and New Jersey's only Level 2 Pediatric Trauma Center, Robert Wood Johnson University Hospital has an annual ED census of greater than 90,000 visits.

The department has a well-established, three-year residency program and an Emergency Ultrasound fellowship. The department is seeking physicians who can contribute to our clinical, education and research missions.

Qualified candidates must be ABEM/ABOEM certified/eligible. Salary and benefits are competitive and commensurate with experience. Sub specialty training is desired but not necessary.

For consideration, please send a letter of intent and a curriculum vitae to:

**Robert Eisenstein, MD, Chair, Department of Emergency Medicine
Rutgers Robert Wood Johnson Medical School**

VICE CHAIRPERSON OF EMERGENCY MEDICINE

The Department of Emergency Medicine of the MetroHealth System (MHS), a principal teaching hospital of the Case Western Reserve University (CWRU) School of Medicine, seeks a dynamic and respected leader in academic Emergency Medicine for Vice Chairperson of Emergency Medicine in the CWRU Department of Emergency Medicine at MetroHealth.

The MHS is a fully integrated provider of high-quality healthcare, consisting of the 731-bed MetroHealth Medical Center and 24 additional inpatient and outpatient facilities throughout Cuyahoga County. Most recently, The MetroHealth System has embarked on an ambitious \$946 million Campus Transformation that includes a reconstruction of our main campus, including a new hospital, outpatient plaza, garages and other buildings. Construction of the new inpatient facility is set to be completed in 2022.

MetroHealth is conducting a national search for a Vice Chair of the Emergency Medicine Department, to help lead the transformation of medical care at MetroHealth – paving the future for medical research, education, and clinical care. With strong leadership in the Department of Emergency Medicine and alignment with the health system's service line organization, the Department has demonstrated outstanding clinical growth and recognition for clinical excellence and financial success. This position will be proposed for a faculty appointment with CWRU School of Medicine; Department of Emergency Medicine. The Department has had significant growth over the past several years with the addition of 3 community emergency departments, expansion of our fellowship programs, and growth in our pre-hospital care programs. The Vice Chair position was previously held by Rita Cydulka, MD, a national leader in Emergency Medicine. The vacancy is a result of Dr. Cydulka's retirement. The Vice Chair is expected to collaborate with the Chair on developing clinical, educational, and research programs to further the growth of the Department. Demonstrated leadership in clinical operations, innovative teaching programs, and/or research will be a key factor in the selection of the successful candidate.

MetroHealth has a program of deliberate succession planning and leadership development. The successful applicant to this position must have the background, interest and ability to assume a leadership position in the organization, including potentially a future Chair role. While there is stable leadership of the Department, the existing Chair is committed to the development and mentoring of the Vice Chair towards an eventual potential Chair role.

The Vice Chair will help drive innovative strategy for the creation of a Department of Emergency Medicine for the 21st Century as MetroHealth reimagines and rebuilds its main hospital campus over the next few years. Success in this critical role also requires an appreciation of population health, health equity, and reducing health disparities through understanding of root causes, mechanisms and interventions, and a desire to apply these insights to improve the delivery of care. Important research work conducted at MetroHealth by the Department of Emergency Medicine faculty include bench research in cellular mechanisms of ischemia/reperfusion, treatment of opioid overdose and dependence, management of heart failure exacerbation, and the treatment of acute stroke, among other interests.

This is an unparalleled opportunity for an innovative executive with a desire to lead a prestigious clinical, education, and research enterprise, and serve as an integral leader of MetroHealth during this moment of transformative change across the healthcare industry. The new leader will be part of a mission-driven system that educates health professionals and scientists and provides leading-edge patient care, community service and research whose impact is global.

Qualified applicants should hold an MD, DO, or MD/PhD, and must be board certified in Emergency Medicine. The applicant must be qualified for a faculty appointment with CWRU School of Medicine; Department of Emergency Medicine at the Associate or Professorial level. The successful applicant should have prior operational leadership experience and a management degree is preferred. Applicants should be eligible for employment in the US and for an Ohio medical license. Compensation and Tenure will be commensurate with experience and achievement.

Interested candidates should send their CV or resume by April/May, 2019 to:

Charles L Emerman, MD, Professor and Chairman of Emergency Medicine at cemerman@metrohealth.org and Kari Rish, Director of Provider Relations and Recruitment at krish@metrohealth.org.

Women and minorities are encouraged to apply. In employment, as in education, Case Western Reserve University is committed to Equal Opportunity and Diversity.

St. Luke's University Health Network, the region's largest, most established health system, a major teaching hospital, and one of the nation's 100 Top Hospitals is seeking BC/BE Emergency Physicians to join our dedicated team of physicians providing excellent care at St. Luke's University Health Network at our Gnaden Huetten Campus in Lehigh, PA.

St. Luke's Gnaden Huetten Campus became part of the St. Luke's University Health Network in 2018. The hospital is a fully accredited, not-for-profit, acute care hospital located in Schuylkill County. The Campus plans an emergency room renovation and expansion to 16 beds with an expected volume of 17,000 annual visits. Strong AP support exists in addition to nearby CT and x-ray and ED ultrasound access.

St. Luke's Gnaden Huetten Campus benefits from all of the resources that an award-winning, highly-respected university health network offers.

To learn more about the above Emergency Medicine Departments, please visit: <https://www.slhn.org/emcareers>

In joining St. Luke's University Health Network you'll enjoy:

- Team-based care with well-educated, dedicated support staff
- A culture in which innovation is highly valued
- Work/life balance and flexibility
- Exceptional compensation package, starting bonus, and relocation reimbursement
- Generous loan forgiveness program – up to \$100,000
- Rich benefits package, including malpractice, health and dental insurance, CME allowance
- Teaching, research, quality improvement and strategic development opportunities

About St. Luke's University Health Network:

Founded in 1872, St. Luke's University Health Network (SLUHN) is a fully integrated, regional, non-profit network of 14,000 employees providing services at 10 hospitals and over 300 outpatient sites. With annual net revenue of \$1.9 billion, the Network's service area includes 10 counties: Lehigh, Northampton, Berks, Bucks, Carbon, Montgomery, Monroe and Schuylkill counties in Pennsylvania and Warren and Hunterdon counties in New Jersey.

The Greater Lehigh Valley & Surrounding Areas

Much of daily life happens outdoors, thanks to year-round temperatures which allows for time to explore seasonal sceneries, participate in outdoor focused activities including whitewater adventures, biking, hiking, skiing, and enjoying all that the historic sites have to offer. The Greater Lehigh Valley offers a variety of excursions for those looking to get out and explore the vibrant colors that all seasons bring.

The Lehigh Valley and surrounding areas offer a low cost of living and are coupled with minimal congestion; choose among a variety of charming urban, semi-urban and rural communities your family will enjoy calling home. The Lehigh Valley encompasses three unique cities in one suburban area. The Greater Lehigh Valley and is only 90 minutes to Philadelphia and 2 hours to Downtown Manhattan. EMERGENCY PHYSICIAN

The Division of Emergency Medicine at The University of Vermont College of Medicine is seeking an Emergency Physician desiring to pursue a career in academic emergency medicine. Appointment at the rank of Assistant Professor or Associate Professor (Clinical Scholar Pathway) will be commensurate with years of experience and accomplishments. The University of Vermont Medical Center is the teaching hospital of The University of Vermont College of Medicine. It is an ACS verified Level 1 Trauma Center for both adult and pediatric patients, and a major tertiary referral center for the state of Vermont and upstate New York. With an annual census of 60,000 patients, the emergency department is known for high quality patient care and dedicated teaching faculty.

Applicants must be board certified or board eligible in Emergency Medicine (American Board of Emergency Medicine) and eligible for licensure in the State of Vermont with experience in teaching, clinical, and research activities of an academic division of emergency medicine. This is a full-time, 12 month, salaried position with attending staff privileges at The University of Vermont Medical Center.

The University is especially interested in candidates who can contribute to the diversity and excellence of the academic community through their research, teaching, and/or service. Applicants are requested to include in their cover letter information about how they will further this goal.

The University of Vermont is an Equal Opportunity/Affirmative Action Employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, protected veteran status, or any other category legally protected by federal or state law. The University encourages applications from all individuals who will contribute to the diversity and excellence of the institution.

Interested individuals should apply online at
<https://www.uvmjobs.com/postings/34742> (position number 010299)
Inquiries may be sent to Dr. Ramsey Herrington c/o Kristin Allard at
Kristin.Allard@uvmhealth.org
