

Corrigendum to “Cocaine, Amphetamine, and Cannabis Use Increases the Risk of Acute Myocardial Infarction in Teenagers” * [The American Journal of Cardiology 123/2 (2019) 354]

“HCUP Clinical Classifications Software (CCS) for ICD-9-CM. Healthcare Cost and Utilization Project (HCUP). 2012. Agency for Healthcare Research and Quality, Rockville, MD. www.hcup-us.ahrq.gov/toolssoftware/ccs/ccs.jsp (accessed 10th October 2018).”

This corresponds with the 2012 database that was used not the 2006 and 2009 databases. The results were not influenced by the mistake.

The authors would like to apologize for any inconvenience caused.
