### Corrigendum

## Corrigendum to “Estimates of the current and future burden of cancer attributable to lack of physical activity in Canada” [Prev. Med. 122 (2019) 65–72]

Christine M. Friedenreich<sup>a,b,\*</sup>, Amanda M. Barberio<sup>a</sup>, Joy Pader<sup>a</sup>, Abbey E. Poirier<sup>a</sup>, Yibing Ruan<sup>a</sup>, Xin Grevers<sup>a</sup>, Stephen D. Walter<sup>c</sup>, Paul J. Villeneuve<sup>d</sup>, Darren R. Brenner<sup>a,b</sup>, on behalf of the ComPARE Study Team

<sup>a</sup> Department of Cancer Epidemiology and Prevention Research, CancerControl Alberta, Alberta Health Services, Calgary, Alberta, Canada

<sup>b</sup> Departments of Oncology and Community Health Sciences, Cumming School of Medicine, University of Calgary, Calgary, Alberta, Canada

<sup>c</sup> Department of Health Research Methods, Evidence, and Impact, McMaster University, Hamilton, Ontario, Canada

<sup>d</sup> Department of Health Sciences, Carleton University, Ottawa, Ontario, Canada

The authors regret that in the third paragraph on page 71, the text should read ‘Our result of 6.2% of all cancers in Canada being attributed to inadequate physical activity in 2015 was higher than the findings in Australia and the UK.’ The original text erroneously states

6.5%. In Table 5, the column heading ‘All’ should be changed to ‘All Associated.’

The authors would like to apologise for any inconvenience caused.
