The authors regret that: (1) the first author’s given name has missed a hyphen between “Ming” and “Li”; (2) and the city’s name in the first affiliation has been misspelt as “Taipei” on the published paper.

The correct first author’s name is “Ming-Li Hung”, and the city in whose affiliation is “Taitung”.  
The above is now correct.  
The authors would like to apologize for these errors.
