

## EDITORIAL BOARD

### Editors-in-Chief

José E. Manautou  
*Interim Dept. Head Pharmaceutical Sciences, Assistant Dean for Graduate Education and Research and Professor of Toxicology School of Pharmacy, University of Connecticut, Storrs, USA*

Kendall B. Wallace  
*Biochemistry and Molecular Biology, University of Minnesota Medical School, Duluth, USA*

Martin van den Berg  
*Inst. for Risk Assessment Sciences (IRAS), Utrecht University, Utrecht, Netherlands*

### Editorial Board Members

Herman Autrup  
*Inst. of Environmental & Occupational Medicine, Aarhus University, Aarhus C, Denmark*

Stelvio Bandiera  
*Faculty of Pharmaceutical Sciences, University of Guelph, Vancouver, Canada*

Silvia Berlanga de Moraes Barros  
*School of Pharmaceutical Sciences, Universidade de São Paulo (USP), São Paulo, Brazil*

Sir Colin Berry  
*Queen Mary, University of London (QMUL), London, UK*

Linda Birnbaum  
*National Institute of Environmental Health Sciences (NIEHS), USA*

Matthew Bogdanffy  
*Boehringer Ingelheim Pharmaceuticals Inc., Ridgefield, USA*

Alan R. Boobis  
*Experimental Medicine and Toxicology, Imperial College London, London, UK*

James S. Bus  
*Toxicology & mechanistic Biology, Exponent, Midland, USA*

Samuel M. Cohen  
*Dept. of Pathology and Microbiology, University of Nebraska Medical Center (UNMC), Omaha, USA*

Christopher Corton  
*Div. of Integrated Systems Toxicology, U.S. Environmental Protection Agency (EPA), Research Triangle Park, USA*

George Daston  
*Miami Valley Labs., Procter & Gamble Service GmbH, Cincinnati, USA*

Michael S. Denison  
*Dept. of Environmental Toxicology, University of California, Davis, Davis, USA*

Ayse Basak Engin  
*Fac. of Pharmacy, Gazi University, Ankara, Turkey*

Per Eriksson  
*Dept. of Environmental Toxicology - Ekotoxikologi, Uppsala Universitet, Uppsala, Sweden*

William Farland  
*Dept. of Environmental & Radiological Health Sciences, Colorado State University, Fort Collins, USA*

Paul Foster  
*National Institute of Environmental Health Sciences and Toxicology Program (NIEHS), Research Triangle Park, USA*

Corrado Galli  
*Department of Pharmacological and Biomolecular Sciences (DiSFeB), Università degli Studi di Milano, Milan, Italy*

Michael Gallo  
*Environmental & Occupational Medicine Division, Rutgers - Robert Wood Johnson Medical School, Piscataway, USA*

Alan Goldberg  
*Bloomberg School of Public Health, John Hopkins University, Baltimore, USA*

Ernie Harpur  
*Inst. of Cell and Molecular Biosciences, Newcastle University, Newcastle upon Tyne, UK*

Ronald Hines  
*National Health & Environmental Effect Research Laboratory, U.S. Environmental Protection Agency (EPA), Durham, USA*

Andreas Kortenkamp  
*Centre for Toxicology, The School of Pharmacy, University of London, London, UK*

Lois Lehman-McKeehan  
*Bristol-Myers Squibb Company, Princeton, USA*

Peter Moldeus  
*Inst. of Environmental Medicine, Karolinska Institutet, Stockholm, Sweden*

Angelo Moretto  
*Dept. of Biomedical and Clinical Sciences, Università degli Studi di Milano, Milano, Italy*

Marc Pallardy  
*Faculty of Pharmaceutical Sciences, Université Paris Sud, Paris, France*

Richard Paules  
*Natl. Toxicology Program Laboratory, National Institute of Environmental Health Sciences (NIEHS), Research Triangle Park, USA*

Jeffrey M. Peters  
*Dept. of Veterinary and Biomedical Sciences, Pennsylvania State University, University Park, USA*

Richard E. Peterson  
*Sch. of Pharmacy, University of Wisconsin at Madison, Madison, USA*

Martin A. Philbert  
*Dept. of Environmental Health Sciences, University of Michigan, Ann Arbor, USA*

Alvaro Puga  
*Ctr. for Environmental Genetics, University of Cincinnati, Cincinnati, USA*

Kenneth Ramos  
*Center for Applied Genetics and Genomic Medicine, University of Arizona Health Sciences Center, Tucson, USA*

Ivonne M.C.M. Rietjens  
*Sectie Toxicologie, Wageningen Universiteit, Wageningen, Netherlands*

Leonard Ritter  
*School of Environmental Sciences, University of Guelph, Ontario, Canada*

Ruth Roberts  
*Apconix, Alderly Edge, UK*

Mathuroh Ruchirawat  
*Chulabhorn Research Institute, Bangkok, Thailand*

Frans Russel  
*Dept. of Pharmacology and Toxicology, Radboudumc, Nijmegen, Netherlands*

Stephen Safe  
*Dept. of Veterinary Physiology & Pharmacology, Texas A&M University, College Station, USA*

Dieter Schrenk  
*Dept. of Food Chemistry and Environmental Toxicology, Technische Universität Kaiserslautern, Kaiserslautern, Germany*

William Slikker, Jr.  
*National Center for Toxicological Research, Food and Drug Administration (FDA), Jefferson, USA*

Lewis Smith  
*College of Medicine, Biological Sciences and Psychology, University of Leicester, Leicester, UK*

Aristides Tsatsakis  
*Faculty of Medical, University of Crete, Iraklion, Crete, Greece*

Anne Marie Vinggaard  
*Division of Toxicology and Risk Assessment, National Food Institute, Technical University of Denmark, Søborg, Denmark*
