This journal and the individual contributions contained in it are protected under copyright by Elsevier Inc., and the following terms and conditions apply to their use:

PHOTOCOPYING: Single photocopies of single articles may be made for personal use as allowed by national copyright laws. Permission of the publisher and payment of a fee is required for all other photocopying, including multiple or systematic copying, copying for advertising or promotional purposes, resale, and all forms of document delivery. Special rates are available for educational institutions that wish to make photocopies for nonprofit educational classroom use.

PERMISSIONS: Permissions may be sought directly from Elsevier's Rights Department in Oxford, UK: telephone (+1) 215 239-3804 or +44 (0)1865 843830, fax +44 (0) 1865 85333, e-mail healthpermissions@elsevier.com. Requests may also be completed online via the Elsevier homepage <http://www.elsevier.com/permissions>.

DERIVATIVE WORKS: Subscribers may reproduce tables of contents or prepare lists of articles including abstracts for internal circulation within their institutions. Permission of the publisher is required for resale or distribution outside the institution.

Permission of the publisher is required for all other derivative works, including compilations and translations.

ELECTRONIC STORAGE OR USAGE: Permission of the publisher is required to store or use electronically any material contained in this journal, including any article or part of an article. Except as outlined above, no part of this publication may be reproduced, stored in a retrieval system or transmitted in any form or by any means, electronic, mechanical, photocopying, recording or otherwise, without prior written permission of the publisher.

Address permissions requests to: Elsevier Rights Department at the fax and e-mail addresses noted above.

NOTICE: No responsibility is assumed by the publisher for any injury and/or damage to persons or property as a matter of products liability, negligence or otherwise, or from any use or operation of any methods, products, instructions or ideas contained in the material herein. Because of rapid advances in the medical sciences, in particular, independent verification of diagnoses and drug dosages should be made.

Although all advertising material is expected to conform to ethical medical standards, inclusion in this publication does not constitute a guarantee or endorsement of the quality or value of such product or of the claims made of it by its manufacturer.

Pediatric Neurology is listed in Index Medicus, Current Contents/Clinical Medicine, Current Contents/Life Sciences, SCISEARCH, Biomedical databases, Automatic Subject Citation Alert, ElsevierBIOBASE/Current Awareness in Biological Sciences, and EMBASE/Excerpta Medica.
