Editorial

- vi The intersection of welfare and behavior
Karen L. Overall

Canine Research

- 45 Interobserver agreement and sensitivity to climatic conditions in sheltered dogs' welfare evaluation performed with welfare assessment protocol (Shelter Quality protocol)
Greta Veronica Berteselli, Laura Arena, Luca Candeloro, Paolo Dalla Villa, and Fabrizio De Massis
- 25 Discrimination of estrus odor in urine by male dogs in different experimental settings
Tadeusz Jezierski, Michał Dzieciol, Antoni Szumny, Wojciech Nizański, Martyna Woszczyło, Barbara Pieczewska, and Ewa J. Godzińska
- 53 What is important in canine-assisted intervention teams? An investigation of canine-assisted intervention program online screening tools
Elizabeth Kjellstrand Hartwig, and John-Tyler Binfet
- 40 What is a dog bite? Perceptions of UK dog bite victims
James Andrew Oxley, Rob Christley, and Carri Westgarth
- 4 Handler training improves decontamination of working canines with oil-based exposure in field conditions using disposable kits
Ellie B. Powell, Gary A. Appgar, Eileen K. Jenkins, Stephen Y. Liang, and Erin B. Perry

General Research

- 1 Abnormal behavior and the self-regulation of motivational state
Donald M. Broom

Editorial

- viii Equitation Science in Practice: how collaboration, communication and change can improve equine welfare
Hayley Randle and Natalie Waran

(Continued)

Journal of Veterinary Behavior: Clinical Applications and Research is indexed in Journal Citation Reports, CAB Abstracts, Global Health, PsycINFO, and Scopus.
For articles with e-page numbers that are published online only, please see the Journal's website at www.journalvetbehavior.com.

Table of Contents (Continued)

- ISES Abstracts**
- 147** 13th International Conference of the International Society of Equitation Science (ISES) - Charles Sturt University, Wagga Wagga, Australia – Collated Short Abstracts
- Equine Research**
- 102** A review: Today's practices about the fitness for travel on land of horses toward the slaughterhouse
L. Vermeulen, S. Van Beirendonck, J. Van Thielen, and B. Driessen
- 77** A systematic literature review to evaluate the tools and methods used to measure rein tension
Lucy Dumbell, Chloe Lemon, and Jane Williams
- 70** An opportunistic pilot study of radiographs of equine nasal bones at the usual site of nosebands
Fiona Crago, Glenn Shea, Olivia James, Kathrin Schemann, and Paul Damian McGreevy
- 118** Reliability of a descriptive reference ethogram for equitation science
Marc Pierard, Paul McGreevy, and Rony Geers
- 61** Effect of density and relative aggressiveness on agonistic and affiliative interactions in a newly formed group of horses
Marc Pierard, Paul McGreevy, and Rony Geers
- 95** Aggression in working mules and subsequent aggressive treatment by their handlers in Egyptian brick kilns—Cause or effect?
Ahmed B.A. Ali, Mohammed A. El Sayed, Amy K. McLean, and Camie R. Heleski
- 111** Effect of preceding activity and multiple testing of Belgian police horses on behavior during personality tests
Marc Pierard, Paul McGreevy, and Rony Geers
- 88** Cutting to the chase: How round-pen, lunging, and high-speed liberty work may compromise horse welfare
Kate Fenner, Andrew N. Mclean, and Paul D. McGreevy
- 31** Cardiac activity and salivary cortisol concentration of leisure horses in response to the presence of an audience in the arena
Iwona Janczarek, Izabela Wilk, Anna Stachurska, Leszek Krakowski, and Marta Liss
- 11** Behavioral, demographic, and management influences on equine responses to negative reinforcement
Kate Fenner, Rafael Freire, Andrew McLean, and Paul McGreevy
- 108** Body language: Its importance for communication with horses
Jan Ladewig

Table of Contents (Continued)

- 128** How owners determine if the social and behavioral needs of their horses are being met: Findings from an Australian online survey
Kirrilly Thompson, and Larissa Clarkson
- 18** Exploring horse owners' and caretakers' perceptions of emotions and associated behaviors in horses
Maria J. Hötzel, Michele C. Vieira, and Denise P. Leme
- 134** Effects of a light-colored cotton rug use on horse thermoregulation and behavior indicators of stress
Barbara Padalino, Jaymie Loy, Lesley Hawson, and Hayley Randle
- In Brief: Practice and Procedure Contribution**
- 140** Early training of foals using the ISES training principles
Sally King, Leigh Wills, and Hayley Randle
- Announcement**
- 159** Call for papers and posters for the 2019 International Working Dog Conference (IWDC) of the IWDBA
