

Erratum to “Long-term Outcome of Custom Triflange Outrigger Ulnar Component in Revision Total Elbow Arthroplasty” [J Shoulder Elbow Surg 2018;27:2045-2051]

In the abovementioned paper, an error has been noted. In the Clinical and radiographic assessment section, the original text reads: “We also used the SOD (Summary Outcome Determinant) Score, a validated outcomes measure that evaluates overall change (improvement or worsening) after surgical intervention.”

The correct text should read: “We also used the SOD (Summary Outcome Determination) Score, a validated outcomes measure that evaluates overall change (improvement or worsening) after surgical intervention.” (“Summary Outcome Determinant” should read “Summary Outcome Determination.”)

We apologize for this error.
