

Erratum to: "Alterations in Systemic and Cognitive Glucocorticoid Sensitivity in Depression," by Gaffey *et al.* (*Biol Psychiatry Cogn Neurosci Neuroimaging* 2019; 4:310–320); [10.1016/j.bpsc.2018.11.007](https://doi.org/10.1016/j.bpsc.2018.11.007).

After the corrected proof of this paper was published online, the authors noticed an error in Figure 3B. Specifically, the y-axis for Figure 3B was labeled "Memory bias

for pictures encoded during placebo," but this was incorrect. The correct y-axis label is "Memory bias for pictures encoded during CORT." The final paginated article reflects the corrected version of this figure, with the updated y-axis label. The data displayed in the scatterplot and the figure legend were accurate and remain unchanged.
