## The Journal of Foot & Ankle Surgery

journal homepage: [www.jfas.org](http://www.jfas.org)

### Erratum

In the article “Charcot Pathogenesis: A Study of In Vivo Gene Expression,” by Connors JC, Hardy MA, Kishman LL, et al; published in *The Journal of Foot & Ankle Surgery*® in our November-December 2018, Volume 57, Issue 6, p1067-1072, the version that was originally published online had the following errors:

1. The Financial Disclosure statement should read: This research was funded by a generous scientific grant provided by The American College of Foot and Ankle Surgeons.

2. The Acknowledgments section should read: This research was supported by the Gene Expression and Genotyping Facility (Cleveland, Ohio) as well as the translation research core facility of the Case Comprehensive Cancer Center (P30 CA43703). Additionally, the authors would like to recognize the significant contribution that Tammy D. Owings, DEng (Cleveland Clinic, Ohio) made to this study.

These errors have been corrected in the online version of the issue. The print version of the issue contains the correct wording.
