INFORMATION FOR CATEGORY 1 CME CREDIT

Adherence to Cervical Cancer Screening Guidelines Among Women Aged 66–68 Years in a Large Community-Based Practice

Chun R. Chao, PhD, Lanfang Xu, MS, Neal M. Lonky, MD

(see page 757)

This article has been chosen to participate in the AJPM CME program. Please read and follow the instructions below:

Educational objectives

After reading this article, the learner should be able to:

1. Describe the criteria for cervical cancer screening exit at age 65.
2. Recognize the gap in adherence to cervical cancer screening exit guidelines.
3. Recognize patient level- and provider-level factors that are associated with adherence.
4. Discuss ways to improve adherence to screening exit guidelines in your own practice.

Accreditation Statement

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME). The American College of Preventive Medicine is accredited by the ACCME to provide continuing medical education for physicians.

Credit Designation

ACPM designates this enduring material for a maximum of 1 *AMA PRA Category 1*TM Credit per exam. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

ACPM is not accredited to offer credit to non-physicians. To determine if activities designated for *AMA PRA Category 1*TM Credit are acceptable for your licensing or certification needs, please contact your credentialing body directly.

Disclosures

In accordance with the disclosure policy of the American College of Preventive Medicine (ACPM) and the American Journal of Preventive Medicine (AJPM), as well as the standards set forth by the Accreditation Council of Continuing Medical Education (ACCME), authors and any individuals in a position to control the content of a CME activity are required to disclose relevant financial relationships in any amount with commercial interests (within the past 12 months).

The authors, Chun R. Chao, Lanfang Xu, and Neal M. Lonky, have disclosed that no relevant financial relationships exist.

Term of approval

December 2, 2019–December 2, 2022

Estimated time to complete this activity is 1 hour.

Instructions to receive CME credit

Once you have read the CME article, please visit www.ajpmonline.org/cme to complete the CME exam (with a score of at least 70%) and the CME evaluation survey. You will be able to download your CME certificate and will also receive an email with a link to your certificate.

Privacy policy

ACPM collects personal information from participants in this online activity for purposes of assigning CME credit only. We will not share or sell your contact information, and your answers to quizzes and feedback forms will be kept confidential.
