## INFORMATION FOR CATEGORY 1 CME CREDIT

### Changes in E-Cigarette Use Behaviors and Dependence in Long-term E-Cigarette Users

Ping Du, MD, PhD, Tongyao Fan, MPH, Jessica Yingst, DrPH, Susan Veldheer, DEd, Shari Hrabovsky, DEd, MSN, Chen Chen, MPH, Jonathan Foulds, PhD

(see page 374)

This article has been chosen to participate in the AJPM CME program. Please read and follow the instructions below:

#### Educational objectives

After reading this article, the learner should be able to:

1. Recognize different patterns of e-cigarette use behaviors in long-term adult users.
2. Evaluate e-cigarette-related dependence.
3. Develop appropriate plans for adult smokers to quit or reduce cigarette smoking.

#### Accreditation Statement

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the American College of Preventive Medicine and the American College of Lifestyle Medicine. The American College of Preventive Medicine is accredited by the ACCME to provide continuing medical education for physicians.

#### Credit Designation

ACPM designates this enduring material for a maximum of 1 *AMA PRA Category 1<sup>TM</sup>* Credit per exam. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

ACPM is not accredited to offer credit to non-physicians. To determine if activities designated for *AMA PRA Category 1<sup>TM</sup>* Credit are acceptable for your licensing or certification needs, please contact your credentialing body directly.

#### Disclosures

In accordance with the disclosure policy of the American College of Preventive Medicine (ACPM) and the American

Journal of Preventive Medicine (AJPM), as well as the standards set forth by the Accreditation Council of Continuing Medical Education (ACCME), authors and any individuals in a position to control the content of a CME activity are required to disclose relevant financial relationships in any amount with commercial interests (within the past 12 months).

The following authors have disclosed relevant relationships:

Jonathan Foulds has acted as a paid consultant for pharmaceutical companies involved in producing smoking-cessation medications, including GSK, Pfizer, Novartis, and J&J and received a research grant and study products from Pfizer Inc. No other financial disclosures were reported.

#### Term of approval

September 2, 2019–September 2, 2022

Estimated time to complete this activity is 1 hour.

#### Instructions to receive CME credit

Once you have read the CME article, please visit [www.ajpmonline.org/cme](http://www.ajpmonline.org/cme) to complete the CME exam (with a score of at least 70%) and the CME evaluation survey. You will be able to download your CME certificate and will also receive an email with a link to your certificate.

#### Privacy policy

ACPM collects personal information from participants in this online activity for purposes of assigning CME credit only. We will not share or sell your contact information, and your answers to quizzes and feedback forms will be kept confidential.
