INFORMATION FOR CATEGORY 1 CME CREDIT

The Relationship Between Hearing Loss and Substance Use Disorders Among Adults in the U.S.

Michael M. McKee, MD, MPH, Michelle A. Meade, PhD, Philip Zazove, MD, Haylie J. Stewart, BA,
Mary L. Jannausch, MS, Mark A. Ilgen, PhD
(see page 586)

This article has been chosen to participate in the AJPM CME program. Please read and follow the instructions below:

Educational objectives

After reading this article, the learner should be able to:

1. Provide an overview of hearing loss and how it affects patients and their health.
2. Describe the key research findings, including association with substance use disorder for individuals with a hearing loss.
3. Explore the potential processes by which hearing loss may increase the risk for substance abuse and prescription opioid use disorder.

Accreditation Statement

This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education (ACCME). ACPM is accredited by the ACCME to provide continuing medical education for physicians.

Credit Designation

ACPM designates this educational activity for a maximum of 1 *Category 1 credit toward the American Medical Association (AMA) Physician's Recognition Award (PRA)*TM. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Disclosures

In accordance with the disclosure policy of the American College of Preventive Medicine (ACPM) and the American Journal of Preventive Medicine (AJPM), as well as the standards

set forth by the Accreditation Council of Continuing Medical Education (ACCME), authors and any individuals in a position to control the content of a CME activity are required to disclose relevant financial relationships in any amount with commercial interests (within the past 12 months).

The authors, Michael M. McKee, Michelle A. Meade, Philip Zazove, Haylie J. Stewart, Mary L. Jannausch, and Mark A. Ilgen, have disclosed that no relevant financial relationships exist.

Term of approval

April 2, 2019–April 2, 2022

Estimated time to complete this activity is 1 hour.

Instructions to receive CME credit

Once you have read the CME article, please visit www.ajpmonline.org/cme to complete the CME exam (with a score of at least 70%) and the CME evaluation survey. You will be able to download your CME certificate and will also receive an email with a link to your certificate.

Privacy policy

ACPM collects personal information from participants in this online activity for purposes of assigning CME credit only. We will not share or sell your contact information, and your answers to quizzes and feedback forms will be kept confidential.
