

Scope

Professor Paolo G. Camici, MD, FESC, FACC, FAHA, FRCP has taken over from Professor Andrew J.S. Coats (Joint Academic Vice-President, Monash University, Australia AND University of Warwick, United Kingdom) as Editor-in-Chief of the International Journal of Cardiology in September 2016.

Having worked for many years in prestigious Universities and hospitals both in the UK and Italy, with a wealth of experience as Consultant, Clinician Scientist, Program Director, Lecturer, Examiner, Society Fellow, Working Group Chairman and member of multiple Editorial Boards, Professor Camici's current position is Professor of Cardiology and Consultant Cardiologist at the Vita-Salute University San Raffaele, in Milan, Italy. He is also Director of the University's Cardiology Training program.

Professor Camici has appointed a prestigious new Editorial Board consisting of five Deputy Editors (Dr. Domenico Cianflone, Prof. Perry Elliott, Prof. Juan Carlos Kaski, Prof. Peter J. Schwartz and Dr. Ornella Rimoldi).

The goal of this new team is to create a unique forum for international investigators that can offer an exciting alternative to the main Journals of the European and American Cardiology Societies. In addition to original papers, we are launching a new range of manuscript types, including Consensus and Position Papers, Systematic Reviews, Meta-analyses and Short Communications.

Please see "Author Information" for more details.

Editor-in-Chief

Paolo Camici, University Vita-Salute San Raffaele Scientific Institute, Milan, Italy
