## Orthopaedics &amp; Traumatology: Surgery &amp; Research

journal homepage: [www.elsevier.com](http://www.elsevier.com)

## CONTENTS

Abstracted in: Current Contents/Clinical Medicine, EMBASE/Excerpta Medica, MEDLINE/Index Medicus, PASCAL/INIST-CNRS, Research Alert, SCI Search, SCOPUS®

### Editorial

*B. Augereau, P. Beaufils and J.Y. Nordin* ..... 1

**Acknowledgements to reviewers** ..... 5

### Hip

Does acetabular dysplasia affect outcome in arthroscopic treatment of cam femoroacetabular impingement? Case-control study with and without acetabular dysplasia  
*M. Mercier, A. Dangin, E. Ollier and N. Bonin* ..... 7

Three-dimensional orientation of the femoral curvature. How well does it match with the sagittal curvature of femoral implants?  
*A. Schmitt, H. Letissier, S. Poltaretskyi, D. Babusiaux, P. Rosset and L.-R. Le Nail* ..... 11

Reproducibility of the Dorr classification and its quantitative indices on plain radiographs  
*R. Nakaya, M. Takao, H. Hamada, T. Sakai and N. Sugano* ..... 17

Influence of hip center position, anterior inferior iliac spine morphology, and ball head diameter on range of motion in total hip arthroplasty  
*T. Tabata, N. Kaku, H. Tagomori and H. Tsumura* ..... 23

The reliability of a Garden, AO and simple II stage classifications for intracapsular hip fractures  
*P. Masionis, V. Uvarovas, G. Mazarevičius, K. Popov, Š. Venckus, Karolis Baužys and N. Porvaneckas* ..... 29

Cementless distal fixation modular stem without reconstruction of femoral calcar for unstable intertrochanteric fracture in patients aged 75 years or more  
*G.-C. Zha, J. Liu, Y. Wang, S. Feng, X.-Y. Chen, K.-J. Guo and J.-Y. Sun* ..... 35

Is rigid fixation of the greater trochanter necessary for arthroplasty of intertrochanteric fractures?  
*K.H. Lee, D.H. Lee, J.H. Noh and Y.V. Kim* ..... 41

Free fillet lower leg flap for coverage after hemipelvectomy or hip disarticulation  
*S. Roulet, L.-R. Le Nail, G. Vaz, A. Babinet, V. Dumaine, A. Sallot and P. Rosset* ..... 47

### Knee

What is the best hip center location method to compute HKA angle in computer-assisted orthopedic surgery? In silico and in vitro comparison of four methods  
*G. Dardenne, Z. Dib, N. Poirier, H. Letissier, C. Lefèvre and E. Stindel* ..... 55

Kinematic alignment technique for medial OXFORD UKA: An in-silico study  
*C. Rivière, C. Harman, A. Leong, J. Cobb and C. Maillot* ..... 63

Pneumatic compression device does not show effective thromboprophylaxis following total knee arthroplasty in a low incidence population <i>K.-I. Kim, D.-K. Kim, S.-J. Song, S.-J. Hong and D.-K. Bae</i> .....	71
Predictive factors for satisfaction after contemporary unicompartmental knee arthroplasty and high tibial osteotomy in isolated medial femorotibial osteoarthritis <i>I.J. Koh, M.S. Kim, S. Sohn, K.Y. Song, N.Y. Choi, H. Jung and Y. In</i> .....	77
Failed high tibial osteotomy: A joint preserving alternative to total knee arthroplasty <i>G.G. Jones, S. Clarke, M. Jaere and J.P. Cobb</i> .....	85
Mechanical advantage of preserving the hamstring tibial insertion for anterior cruciate ligament reconstruction – A cadaver study <i>D. Bahlau, P. Clavert, H. Favreau, M. Ollivier, S. Lustig, F. Bonomet and M. Ehlinger</i> .....	89
Posterior drawer after olecranonization of the patella in posterior cruciate-injured knees: A cadaver study <i>J.-L. Rouvillain, A. Benzakour, G.-A. Odri, G. Renard, S. Pesenti and M. Severyns</i> .....	95
Tibial plateau fracture management: ARIF versus ORIF – clinical and radiological comparison <i>M. Le Baron, M. Cermolacce, X. Flecher, C. Guillotin, T. Bauer, M. Ehlinger and the SoFCOT</i> .....	101
Injury patterns of medial meniscus posterior root tears <i>T. Furumatsu, Y. Okazaki, Y. Okazaki, T. Hino, Y. Kamatsuki, S. Masuda, S. Miyazawa, E. Nakata, J. Hasei, T. Kunisada and T. Ozaki</i> .....	107
Transtibial pullout repair of medial meniscus posterior root tear restores physiological rotation of the tibia in the knee-flexed position <i>Y. Okazaki, T. Furumatsu, Y. Kodama, T. Hino, Y. Kamatsuki, Y. Okazaki, S. Masuda, S. Miyazawa, H. Endo, T. Tetsunaga, K. Yamada and T. Ozaki</i> .....	113
Better knee function after surgical repair of acute quadriceps tendon rupture in comparison to acute patellar tendon rupture <i>M.E. Hantes, R. Mathews, V. Raoulis, S. Varitimidis, T. Karachalios and K.N. Malizos</i> .....	119
Extra-articular endoscopic excision of symptomatic popliteal cyst with failed initial conservative treatment: A novel technique <i>Y. Chen, P.-Y. Lee, M.-C. Ku, N.-Y. Wu and C.-S. Lo</i> .....	125
Preoperative planning of tibial tubercle medialisation according to the trochlear groove angle <i>S. Zilber and D. Goutallier</i> .....	129
Axial patellar engagement index and patellar tilt after medial patello-femoral ligament reconstruction in children and adolescents <i>J. Roger, A. Viste, M. Cievet-Bonfils, J.-P. Pracros, S. Raux and F. Chotel</i> .....	133
<b>Ankle</b>	
Comparison of 25 ankle arthrodeses and 25 replacements at 67 months' follow-up <i>N. Mehdi, A. Bernasconi, J. Laborde and F. Lintz</i> .....	139
Three-Dimensional computed tomography tunnel assessment of allograft anatomic reconstruction in chronic ankle instability: 33 cases <i>D.W. Lee, I.K. Park, M.J. Kim, W.J. Kim, M.S. Kwon, S.J. Kang, J.G. Kim and Y. Yi</i> .....	145
Tibialis posterior transfer for foot drop due to central causes: Long-term hindfoot alignment <i>N. Sturbois-Nachef, E. Allart, M.-Y. Grauwain, M. Rousseaux, A. Thévenon and C. Fontaine</i> .....	153
<b>Traumatology</b>	
Very long-term results of post-traumatic bone defect reconstruction by the induced membrane technique <i>A.C. Masquelet, T. Kishi and P.E. Benko</i> .....	159

A cadaveric model of anterior compartment leg syndrome: Subcutaneous minimally invasive fasciotomy versus open fasciotomy <i>S. Vandergugten, L. Zemmour, B. Lengelé and C. Nyssen-Behets</i> .....	167
Use of intramedullary nailing in poor sanitary conditions: French Military Medical Service experience <i>A. Caubere, T. Demoures, C. Choufani, V. Huynh and O. Barbier</i> .....	173
Compared efficiency of trauma versus scheduled orthopaedic surgery operating rooms in a university hospital <i>T. Rodriguez, A. Wolf-Mandroux, J. Soret, L. Dagneaux and F. Canovas</i> .....	179

### Miscellaneous

The CRIOAc healthcare network in France: A nationwide Health Ministry program to improve the management of bone and joint infection <i>T. Ferry, P. Seng, D. Mainard, J.-Y. Jenny, F. Laurent, E. Senneville, M. Grare, A. Jolivet-Gougeon, L. Bernard and S. Marmor, on behalf of the CRIOAc network</i> .....	185
--	-----

### Letters to the Editor

Comments on: "Have we made true progress in surgical indications and determining the limitations of spinal fusion in patients with idiopathic scoliosis?" of Jean Dubousset, Dominique Chopin, Raphaël Seringe published in <i>Orthop Traumatol Surg Res.</i> 2018;104(5):555–556 <i>F. Solla and V. Rampal</i> .....	191
Reply to the Letter by Federico Solla, Virginie Rampal <i>J. Dubousset, D. Chopin and R. Seringe</i> .....	193

### Corrigenda

Corrigendum to "Is anatomic acetabular orientation related to pelvic morphology? CT analysis of 150 healthy pelvises" [ <i>Orthop. Traumatol. Surg. Res.</i> 104 (2018) 347–351] <i>P. Sautet, H. Giorgi, P. Chabrand, P. Tropiano, J.-N. Argenson, S. Parratte and B. Blondel</i> .....	195
Corrigendum to "Influence of posture on relationships between pelvic parameters and lumbar lordosis: Comparison of the standing, seated, and supine positions. A preliminary study" [ <i>Orthop. Traumatol. Surg. Res.</i> 104 (2018) 565–568] <i>T. Chevillotte, P. Coudert, D. Cawley, H. Bouloussa, S. Mazas, L. Boissière, J.-M. Vital and O. Gille</i> .....	197
