Orthopaedics & Traumatology: Surgery & Research

journal homepage: www.elsevier.com

CONTENTS

Indexed in: Current Contents/Clinical Medicine, Embase, Pubmed/Medline, Science Citation Index, SCOPUS®

Editorials

- Distal radius fracture: The right treatment for each patient
O. Barbier and L. Obert 403
- Letter to our authors, or how to read and interpret your reviewers' comments
P. Beaufils and H. Migaud 407

Wrist

- Minimally invasive internal fixation for extra-articular distal radius fracture: Comparison between volar plate and intramedullary nail
M. Thomas, J.J. Hidalgo Diaz, G. Prunières, S. Facca, Y. Igeta and P. Liverneaux 409
- Combined synovectomy and extensor carpi radialis longus transfer to realign and stabilise the rheumatoid wrist
J. Berhouet, S. Roulet, E. Marteau, G. Bacle, N. Meghrani and J. Laulan 417
- Functional and socioprofessional outcome of surgery for Volkmann's contracture
A. Griffart, E. Gauthier, L. Vaiss, T. Williams, F. Mallard and D. Le Nen 423
- Mini hook plate fixation for thumb ulnar collateral ligament avulsion fracture: A technical report
S. Komura, A. Hirakawa, K. Ishizuka, Y. Matsushita and H. Akiyama 429

Hip

- French translation and cultural adaptation of a questionnaire for patients with hip or knee prosthesis
R. Erivan, G. Villatte, T. Chaput, A. Mulliez, M. Ollivier, S. Descamps and S. Boisgard 435
- Feasibility of a new arthroscopic shelf acetabuloplasty technique for hip instability related to moderate dysplasia
R. Coulomb, E. Wolff, O. Mares, P. Marchand and P. Kouyoumdjian 441
- Does the direct anterior approach allow earlier recovery of walking following total hip arthroplasty? A randomized prospective trial using accelerometry
G. Bon, E.B. Kacem, P.M. Lepretre, T. Weissland, P. Mertl, M. Dehl and A. Gabrion 445
- What factors predict ceramic liner malseating after ceramic-on-ceramic total hip arthroplasty?
Y. Higuchi, T. Seki, Y. Takegami, Y. Osawa, T. Kusano and N. Ishiguro 453
- Dual mobility device reduces the risk of prosthetic hip instability for patients with degenerated spine: A case-control study
L. Dagneaux, S. Marouby, C. Maillot, F. Canovas and C. Rivière 461

Obesity and smoking predict the results of two-stage exchange in septic revision hip arthroplasty: A cohort study <i>S.S. Ahmad, L. Orlik, S.J.S. Ahmad, C.E. Albers, K.A. Siebenrock and F.M. Klenke</i>	467
Does low hydroxyl group surface density explain less bacterial adhesion on porous alumina? <i>E. Poli, T.-S. Ouk, G. Barrière, G. Lévêque, V. Sol and E. Denes</i>	473
Is non-operative treatment still relevant for Garden Type I fractures in elderly patients? The femoral neck impaction angle as a new CT parameter for determining the indications of non-operative treatment <i>J. Hardy, C. Collin, P.-A. Mathieu, G. Vergnenègre, J.-L. Charissoux and P.-S. Marcheix</i>	479
Validation of the Nottingham Hip Fracture Score (NHFS) to predict 30-day mortality in patients with an intracapsular hip fracture <i>L. de Jong, T. Mal Klem, T.M. Kuijper and G.R. Roukema</i>	485
Dual mobility cups in total hip arthroplasty after failed internal fixation of proximal femoral fractures <i>S. Boulat, T. Neri, B. Boyer, R. Philippot and F. Farizon</i>	491
Routine monitoring for heparin-induced thrombocytopenia following lower limb arthroplasty: Is it necessary? A prospective study in a UK district general hospital <i>B. Haughton, J. Haughton, J. George Norman, A. Navid, K. Allport, M. Andrews, K. Mannan and J. Livesey</i>	497
It is time to change the drug guidelines for the prevention of thromboembolic events after primary total hip or knee replacement: Where does aspirin fit in? <i>J.-Y. Jenny, M. Bonnin, D. Mainard and French Society of Hip and Knee Surgery (SFHG) French Society of Orthopedic Surgery and Traumatology (CNP-SoFCOT)</i>	503
Traumatology	
The 14 July 2016 terrorist attack in Nice: The experience of orthopaedic surgeons <i>J.-F. Gonzalez, J. Thomas, L. Decroocq, J.-L. Raynier, M. Carles, F. de Peretti, C. Trojani and P. Boileau</i>	505
Efficacy, pain, and overall patient satisfaction with pediatric upper arm fracture reduction in the emergency department <i>A. Delgove, L. Harper, S. Berciaud, A. Lalioui, A. Angelliaume and Y. Lefevre</i>	513
Treating fractures in upper limb gunshot injuries: The Cape Town experience <i>E.W.M. Engelmann, S. Roche, S. Maqungo, D. Naude and M. Held</i>	517
Predictors of mechanical complications after intramedullary nailing of tibial fractures <i>J. Manon, C. Detrembleur, S. Van de Veyver, K. Tribak, O. Cornu and D. Putineanu</i>	523
Can the Reamer/Irrigator/Aspirator System replace anterior iliac crest grafting when treating long bone nonunion? <i>M. Le Baron, J.-P. Vivona, P. Maman, R. Volpi and X. Flecher</i>	529
Induced membrane technique in the treatment of infectious bone defect: A clinical analysis <i>J. Wang, Q. Yin, S. Gu, Y. Wu and Y. Rui</i>	535
Pediatrics	
Correlations linking static quantitative gait analysis parameters to radiographic parameters in adolescent idiopathic scoliosis <i>S. Pesenti, S. Prost, B. Blondel, V. Pomero, M. Severyns, L. Roscigni, G. Authier, E. Viehweger and J.-L. Jouve</i>	541
Diffusion-weighted MRI for outcome prediction in early Legg-Calvé-Perthes disease: Medium-term radiographic correlations <i>G. Gracia, C. Baunin, J. Vial, F. Accadbled and J. Sales de Gauzy</i>	547

Intra-medullary osteosclerosis of the tibia in children <i>D. Barbier, P. Journeau, P. Lascombes, B. Dohin, J. Cottalorda and J. Sales de Gauzy</i>	551
A novel transverse ultrasonography technique for minimally displaced lateral humeral condyle fractures in children <i>X.-T. Li, X.-T. Shen, X. Wu and X.-L. Chen</i>	557
Miscellaneous	
Can the number of surgery delays and postponements due to unavailable instrumentation be reduced? Evaluating the benefits of enhanced collaboration between the sterilization and orthopedic surgery units <i>E. Huynh, S. Klouche, C. Martinet, F. Le Mercier, T. Bauer and A. Lecoœur</i>	563
Are orthopedic surgeons exposed to excessive eye irradiation? A prospective study of lens irradiation in orthopedics and traumatology <i>C. Cuenca, P.-J. Mention, G. Vergnenegre, P.-A. Matthieu, J.-L. Charissoux and P.-S. Marcheix</i>	569
In memoriam	
Adalbert Ibrahim Kapandji <i>C. Delaunay</i>	573
Corrigendum	
Corrigendum to “Retrospective multicenter study by the French Spine Society of surgical treatment for spinal metastasis in France” [Orthop Traumatol Surg Res 104 (2018) 589-95] <i>Frédéric Sailhan, Solène Prost, Sabrina Hallout, Fahed Zairi, Olivier Gille, Hughes Pascal-Mousselard, Saad Bennis, Yann-Philippe Charles, Benjamin Blondel, Stéphane Fuentes, the French Spine Society (SFCR)</i>	575
