Correction to: Parasitology Research

<https://doi.org/10.1007/s00436-018-6145-7>

It was brought to the authors' attention that a citation within the published article was cited incorrectly. The relevant part should read instead:

According to these observations, a case report from 2006, describing a furuncular myiasis with *Cor. anthropophaga*, was suspected to have taken place in southern Portugal for the first time (Curtis et al. 2006). Together with at least one other autochthonous case of *Cor. anthropophaga* in Europe, namely in Spain, and several imported cases caused by *Cor. anthropophaga* as well as *Cor. rodhaini* (Pezzi et al. 2015), this could indicate an expansion of the range of the genus *Cordylobia* from Africa to Europe, at least by temporary establishment.

The online version of the original article can be found at <https://doi.org/10.1007/s00436-018-6145-7>
