### Publisher's Note

#### Relaunching the *Journal of Nutrition & Intermediary Metabolism to Human Nutrition & Metabolism*

Herewith the Publisher would like to inform you that the *Journal of Nutrition & Intermediary Metabolism* (JNIM) will be renamed to *Human Nutrition & Metabolism* (HNM) per 1 January 2020. To position the journal better in the field it was decided to relaunch it with a new Aims & Scope and a new Editor-in-Chief. An announcement in this regards will follow shortly. As this will be the last JNIM issue published we would like to take this opportunity to thank Prof. Manohar Garg, the Editor-in-Chief of JNIM, for his tireless efforts to

attract the best papers and special issues to the journal since its launch in 2015. We are also very grateful to the many authors, reviewers and editorial board members who contributed to the journal over the years.

*Human Nutrition & Metabolism* will be accepting submissions from 1 January 2020 onwards. We look forward to receiving your research papers and would like to thank you for your continued support in the future!
