

14–16 OCT 2019
ACC LIVERPOOL

RCR19

Professional Learning and
Development Conference

www.rcr.ac.uk/rcr19

 #RCR19conf

New date, same great meeting!

14–16 October 2019

RCR19 highlights:

- Clinical radiology and clinical oncology scientific and audit abstract competitions
- The Royal College of Radiologists' Annual General Meeting
- Many opportunities to network and exchange ideas with fellow delegates – over 800 radiology and oncology professionals are expected to attend
- Full social programme

The three day radiology programme will include:

- Artificial intelligence and its impact on imaging
- Lung cancer and TNM 8
- Bowel imaging
- Plain film

The three day oncology programme will include:

- Lung cancer
- Hepatic, biliary and pancreatic cancer
- Liver metastasis
- A day of radiology for clinical oncologists

A variety of speakers and topics which were all relevant to registrar training

Presidents' lecture was excellent, and very interesting

An excellent programme with lots of different educational opportunities

Really excellent mix of clinical revision and discussion of issues facing radiology in the NHS
