## American Journal of Infection Control

### MESSAGE FROM APIC

**New year. New beginning. New chapters!** 1

### MAJOR ARTICLES

- Predictors of *Clostridium difficile* infection and predictive impact of probiotic use in a diverse hospital-wide cohort** 2  
ML Carvour, SL Wilder, KL Ryan, C Walraven, F Qeadan, M Brett, and K Page
- Antibiotic exposure and risk of community-associated *Clostridium difficile* infection: A self-controlled case series analysis** 9  
G DiDiodato and L Fruchter
- Bacterial burden is associated with increased transmission to health care workers from patients colonized with vancomycin-resistant *Enterococcus*** 13  
SS Jackson, AD Harris, LS Magder, KA Stafford, J Kristie Johnson, LG Miller, DP Calfee, and KA Thom
- Patient perceptions of chlorhexidine bathing: A pilot study using the health belief model** 18  
T Caya, M Jo Knobloch, J Musuuza, E Wilhelmson, and N Safdar
- A descriptive study of bathing practices in acute care facilities in the United States** 23  
LP Sturgeon, D Garrett-Wright, G Lartey, MS Jones, L Bormann, and S House
- There is no additional bactericidal efficacy of Environmental Protection Agency-registered disinfectant towelettes after surface drying or beyond label contact time** 27  
AM West, PJ Teska, and HF Oliver
- Using the agile implementation model to reduce central line-associated bloodstream infections** 33  
J Azar, K Kelley, J Dunscomb, A Perkins, Y Wang, C Beeler, L Dbeibo, D Webb, L Stevens, M Luektemeyer, A Kara, R Nagy, CA Solid, and M Boustani
- Secondary measures of hand hygiene performance in health care available with continuous electronic monitoring of individuals** 38  
S Pong, P Holliday, and G Fernie
- Perceptions and attitudes of patients and health care workers toward patient empowerment in promoting hand hygiene** 45  
M Sande-Meijide, M Lorenzo-González, F Mori-Gamarra, I Cortés-Gago, A González-Vázquez, L Moure-Rodríguez, and M Herranz-Urbasos
- Implementing the comprehensive unit-based safety program model to improve the management of mechanically ventilated patients in Saudi Arabia** 51  
RM Khan, M Al-Juaid, H Al-Mutairi, G Bibin, J Alchin, A Matroudi, V Burrows, I Tan, S Zayer, B Naidv, B Kalantan, and YM Arabi

<b>Nursing home adoption of the National Healthcare Safety Network Long-term Care Facility Component</b>	59
AW Dick, JM Bell, ND Stone, AM Chastain, M Sorbero, and PW Stone	
<b>Changes in health care-associated infection prevention practices in Japan: Results from 2 national surveys</b>	65
F Sakamoto, K Asano, T Sakihama, S Saint, M Todd Greene, P Patel, D Ratz, and Y Tokuda	
<b>Phased implementation of an antimicrobial stewardship program for a large community hospital system</b>	69
L Hayley Burgess, K Miller, M Cooper, J Moody, J Englebright, and E Septimus	
<b>Implementation of a multifaceted program to sustainably improve appropriate intraoperative antibiotic redosing</b>	74
C T O'Sullivan, WK Rogers, M Ackman, M Goto, and BM Hoff	
<b>Cross-contamination of bacteria-colonized pierced earring holes and fingers in nurses is a potential source of health care-associated infections</b>	78
AK Katsuse, M Takishima, M Nagano, K Kikuchi, H Takahashi, A Kaneko, and I Kobayashi	
<i>STATE OF THE SCIENCE REVIEW</i>	
<b>Do we know how best to disinfect child care sites in the United States? A review of available disinfectant efficacy data and health risks of the major disinfectant classes</b>	82
SM Holm, V Leonard, T Durrani, and MD Miller	
<i>BRIEF REPORTS</i>	
<b>Impact of weather on the risk of surgical site infections in a tropical area</b>	92
CMCB Fortaleza, M de Oliveira Silva, F Saad Rodrigues, and AR da Cunha	
<b>Bacterial contamination of saline nasal irrigations in children: An original research</b>	95
S Torretta, R Mattina, F Talloru, G Sala, S Cornelli, E Bezze, and P Marchisio	
<b>The relevance of sink proximity to toilets on the detection of <i>Klebsiella pneumoniae</i> carbapenemase inside sink drains</b>	98
BW Buchan, MB Graham, J Lindmair-Snell, J Arvan, NA Ledebøer, R Nanchal, and LS Muñoz-Price	
<b>A survey of infection prevention and control practices among solid organ transplantation centers</b>	101
E Beam and RR Razonable	
<b>Carbapenemase-producing Enterobacteriaceae among pregnant women and newborns in Algeria: Prevalence, molecular characterization, maternal-neonatal transmission, and risk factors for carriage</b>	105
A Mairi, A Touati, S Ait Bessai, Y Boutabtoub, F Khelifi, A Sotto, J-P Lavigne, and A Pantel	
<b>The compliance coach: A bedside observer, auditor, and educator as part of an infection prevention department's team approach for improving central line care and reducing central line-associated bloodstream infection risk</b>	109
MO Buchanan, SK Summerlin-Long, LM DiBiase, EE Sickbert-Bennett, and DJ Weber	
<i>LETTERS TO THE EDITOR</i>	
<b>Updates to our web-based infection prevention data toolkits</b>	112
TL Wiemken	

**Response to the letter to the editor regarding “Ultrasound probe use and reprocessing: Results from a national survey among U.S. infection preventionists”** 112  
RM Carrico

**Survey responses to policy changes—Overextended consequences** 114  
KA Gase, KM McMullen, and M-O Wright

ONLINE ONLY ARTICLES

MAJOR ARTICLES

 **Comparison of operating room air distribution systems using the environmental quality indicator method of dynamic simulated surgical procedures** e1  
JA Wagner, DG Greeley, TC Gormley, and TA Markel

STATE OF THE SCIENCE REVIEW

 ***Clostridium difficile* infection in pregnant and postpartum women in 2 hospitals and a review of literature** e7  
M Meda, N Virgincar, V Gentry, A Walker, N Macdonald, M Hooper, S Wells, C Anderson,  
D Garner, S Mumtaz, and A Smith

 **Article is available online** [www.ajicjournal.org](http://www.ajicjournal.org)
