Bob Rashid, Cover Artist

Dr Bob Rashid received his DDS degree from the University of Washington and his Masters of Applied Statistics (MAS) degree from The Ohio State University. He has taught restorative dentistry and dental photography for over 33 years, along with evidence-based dentistry. He is currently teaching part-time as Emeritus Professor-Clinical. He has always had a love of nature and a recent fascination with the smaller birds migrating through Ohio. Visits to Magee Marsh on Lake Erie and to a local bald eagle nest in Columbus have given him a chance to use his photographic experience to help him better identify the birds he sees.
